SHIPS GUARD AMERICANS IN ISLAND REVOLT

Government Orders Commanders to Observe Strict Neutrality

ATTACK ON CAPITAL NEAR

Revolutionary Force Marks Decisive Victory Over Defacto Rulers

By Associated Press
Washington, D. C.—Strictest neutrality as between the rival revolutionary movements in Honduras has been enjoined upon American naval commanders in Honduran waters.

They have been directed to confine themselves strictly to the protection of American lives and interests and not to permit their operations to assume the appearance of American intervention.

Forces of the defacto government were seriously defeated Sunday by the revolutionary column commanded by General Ferrera. The fight occurred at the town of Toluca, 15 miles west of Tegucigalpa, the Honduran capital.

Presumably an attack by Ferrera on the capital is imminent. The wife of the defacto president Gutierrez has left the city for the seaport of Amapala.

SUPPORTS BONILLA

General Ferrera is believed here to be supporting the candidacy of Bonilla, one of the three aspirants for the Honduran presidency.

The cruiser Dayton, flagship of Rear Admiral Dayton's special service squadron, still is at Ceiba, and the cruiser Milwaukee is expected to arrive shortly at Amapala. American nationals and their property have been menaced by disturbances in those ports.

The destroyer dispatched from Kingston to Puerto Cortez on the north coast has not as yet reported her arrival.

BEGIN INQUIRY IN FATAL T. N. T. BLAST

Search for Victims Held up By Fear of New Explosions of Acids

By Associated Press
Nixon, N. J.—An inquiry into the cause of Saturday's explosion and fire here which killed 18 persons and destroyed 40 buildings begins Monday. Fifteen persons are still in hospitals and two are missing.

Among those requested to appear are Lewis Nixon, former public service commissioner in New York and president of the Nixon Nitration works and R. Norris Shreve, president of the Ammonite Co.

Major A. S. Casati, in command of the Raritan arsenal, said Sunday that he believed the explosion was due to conditions in the ammonite plant rather than any possible failure in separate T. N. T., at the arsenal from the ammonite nitrate which was eventually sent in tanks to the fertilizer factory of the Ammonite Co.

Until the ruins could be thoroughly searched for victims will be made. Those in charge of the work fear that within the debris are acids which will explode in contact with water or by impact.

"DEAD" MAN TESTIFIES AGAINST HIS ATTACKER

By Associated Press
Green Bay—After he had been pronounced dead by a physician, Wilber Beecher appeared in municipal court Monday morning to testify against Henry Jones whom he charges with assaulting him early Monday morning in the beverage shop of Cyril Bunker. Bunker also claims to have suffered a severe head wound as the result of Jones' assault.

Jones denied attacking either man.

NATIONAL DEBT CUT BY BILLIONS SINCE 1918

By Associated Press
Washington, D. C.—The public debt has been cut more than \$4,800,000,000 in the four and a half years since the World war when indebtedness was at a peak.

Figures made public Monday by the treasury show that at the opening of business Saturday the national debt was \$21,781,866,852. It has been reduced \$932,000,000 in the last year.

Buffalo Meat May Be Daily American Diet

By Associated Press
Washington, D. C.—Secretary of Agriculture Wallace has been feasting on buffalo meat, a rare delicacy in these days, but one which may become more common in time, since the extinction of the buffalo has been averted.

Heavy increase of these animals on the national bison range in Montana has enabled biological survey experts to experiment with long distance shipments to determine whether the buffalo meat will stand transporting to eastern markets. There are now about 4,500 head of buffalo in the United States and about 11,500 elsewhere in North America. Experts say their perpetuation is assured, with an ample supply for exhibition and breeding purposes and a surplus each year for marketing.

ASK REVISION OF MAIL RATES TO RAISE PAY

Postmaster General Suggests Submission of Salary Proposal to Committee

Washington, D. C.—Submission to some general body, such as a congressional commission of all proposals affecting increases in salaries and changes in conditions of employment involving increases in pay for postal service workers was recommended by Postmaster General Harry S. New to Chairman Grist of the postoffice committee of the house in a letter made public Monday.

Mr. New pointed out that there are more than 50 postal bills now pending in congress and it was probable a re-adjustment for the whole service along lines provided in the bills would involve an increase annually of \$150,000,000.

In addition he said there are a number of bills proposing a reduction of postage rates.

\$30,000,000 DEFICIT

The postmaster general said the deficit for the present fiscal year is now estimated at \$30,000,000. Suggestions that the increases could be met by a revision of postage rates especially upon fourth class (parcel post) matter, he asserted were not based on reliable information which would justify them.

C. P. Franciscus, president of the United National Association of Post office Clerks, declared in a statement Monday that the clerks should not be disheartened over reports of the position taken by President Coolidge as well as Mr. New to salary increases at this time.

Postal salaries need not be paid from tax revenues, Mr. Franciscus insisted with reference to the president's objections, but should be provided through a revision of postage rates, especially on parcel post matter, which, he asserted are "absurdly low" as compared with express charges.

ARMED FIREMEN TOLD TO SHOOT

Public Safety Director Butler Takes Drastic Step in War on Banditry

By Associated Press
Philadelphia—"Shoot to kill" orders were issued Monday to those of the city firemen armed under a recent order of Public Safety Director Butler in an effort to suppress banditry.

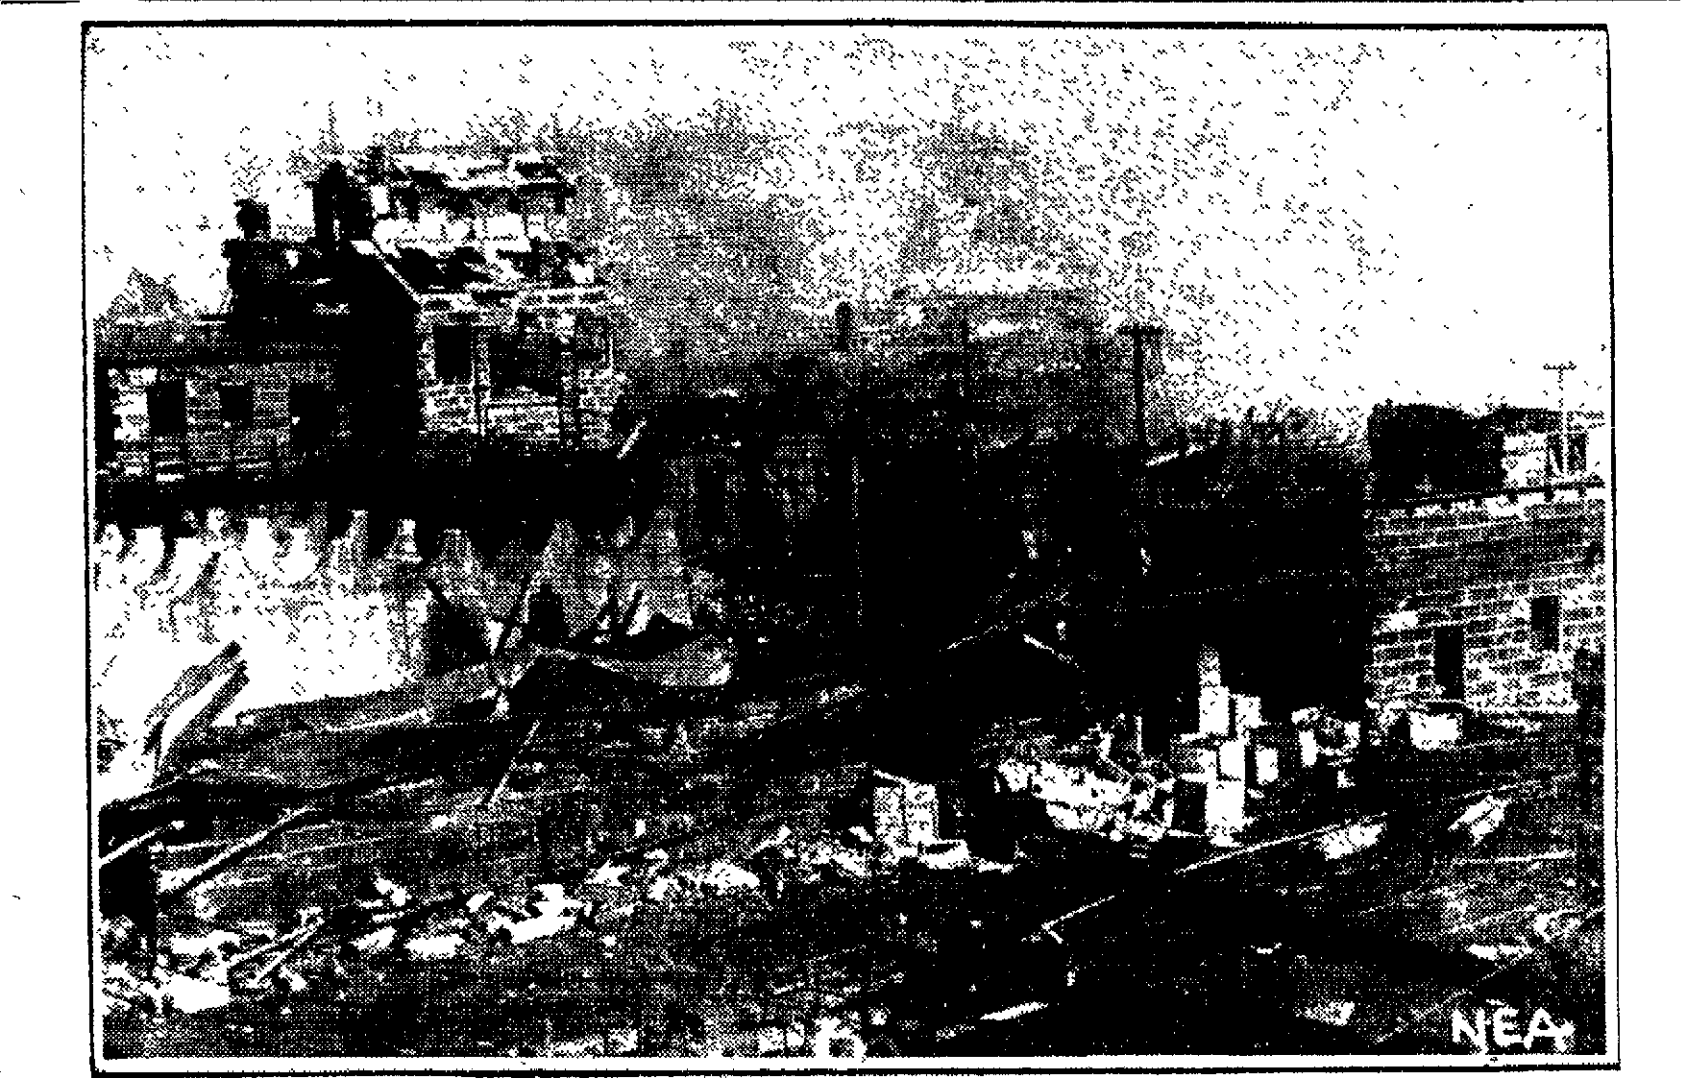

The director stated he plans to bring the total number of armed firemen up to 1,000 in order to give maximum assistance to the police. His decision followed a whirlwind tour of the city Sunday night, in which he discovered three districts in which policemen were not on their bests.

"I'm going to read the riot act to them," he general said grimly.

HAREM LEAVES SUBLIME PORT FOR ALEXANDRIA

Constantinople—All the members of the caliph's harem are expected to sail for Alexandria on March 15, in consequence of the movement for abolition of the caliphate. Prince or aban, grandson of the late Sultan Abdul Hamid is on the list of those to be expelled.

Nitration Plant After Fatal Blast

Two scale persons were killed and about a hundred injured when a terrific explosion wrecked the plant of the Nixon Nitration works at Nixon, four miles from New Brunswick, N. J. The concussion rocked houses within a radius of many miles and was heard as far away as lower New York City and Brooklyn. Photo shows general view of the wreckage, taken before the dust had settled. The explosion is believed to have started in the boiler room of the plant. All that remains of the boiler is shown in foreground of picture.

SENATE SEEKS WAY TO PROBE U. S. ATTORNEY

Investigation Board Believes Inquiry Should Not Take Form of Trial

By Associated Press
Washington, D. C.—Members of the Daugherty investigating committee devoted their time Monday to working out a plan of procedure for the inquiry into the attorney general's administration.

The investigation which was authorized Saturday by the senate after two days of intensely bitter discussion, is expected to get under way without delay and, in the opinion of some will do with the oil inquiry in its ramifications.

Senator Brookhart of Iowa, the Republican insurgent, who was elected chairman of the committee by the senate, feels the inquiry should not be conducted as though it were a "trial" but along lines to bring out all facts, taking evidence and running down charges as they develop. He and Senator Wheeler, Democrat, Montana, author of the investigation resolution, already have a large amount of information and correspondence with which to start the investigation. Mr. Daugherty, the chairman asserts will be given "fair" hearing, regardless of what course it takes.

Besides Senators Brookhart and Wheeler, the committee is composed of Senators Moses, New Hampshire, and Jones, Washington, Republicans, and Ashurst, Arizona, Democrat.

FAMILY ASKS PROBE OF ALLEGED SUICIDE HINT HITLER HAD REICHSWEHR ARMS

By Associated Press
LaCrosse—An investigation has been started in Viroqua to ascertain whether Elmer Hoffco, coal dealer of that city whose body was found in a coal shed the day before Christmas with throat and wrist cut, committed suicide or was murdered.

Members of the family demand the probe, refusing to accept the theory that he committed suicide. Hoffco left his home at 3 A. M. and his body was found in the coalshed four hours later with a bloody razor by his side. District Attorney J. A. Moen claims the body was in a sitting position with hat and gloves undisturbed and with no marks of external violence. The family claims the door of the coal shed had been forced open although Hoffco had a key to the lock.

Split In Democratic Ranks Sole Hope For Lower Revenue Rates

Senate is Bound to Tear House Measure to Pieces and Rewrite It; Long Delay Is Foreseen.

By Associated Press
Copyright 1924 by The Post Pub. Co.
Washington—The administration tax bill now goes from the Irving plan into the fire. Too many cooks—an unwieldy house of representatives—spoiled the Mellon plan and the measure which now goes to the senate is so scarred and burned that nobody can claim it is satisfactory as it stands. Both Republicans and Democrats, as well as President Coolidge and Secretary Mellon expect a better bill to come out of the senate.

But the senate is bound to tear the whole tax bill to pieces and rewrite it. The temporary coalition between the insurgent Republicans and the Democrats did not succeed in passing the plan offered by Representative Garner, Democrat of Texas, but it did succeed in defeating the Mellon schedule of rates. The difference between the Garner plan and that which was finally adopted by the house on the suggestion of Representative Longworth of Ohio, Republican leader, is not very substantial. In principle the Longworth plan is much the same as the Garner proposal because both ignore

WILL BE MUCH CHANGED

The senate finance committee, of course, will hold extended hearing there will be prolonged debate and when the bill finally emerges from the senate for conference between the two houses it will be a radically different affair from that which has just passed the house. Then will come protracted discussions in the conference committee in an attempt to reach a compromise once more and President Coolidge will finally be presented with a bill the rates in which it is impossible at this moment to forecast, because they will be inserted as a result of continuous compromises.

Mr. Coolidge will veto the bill then only if he thinks that by so doing he can force congress to amend the measure still further. The chances are it will be midsummer before the president will have a tax bill before him and it may be after the election before the light is concluded, especially if Mr. Coolidge sends the bill back to congress for further consideration.

200 REDS ARRESTED IN ATTEMPT TO END MEETING

Berlin—Two hundred Communists, including two deputies, were arrested at Jena where they attempted to prevent a meeting of an organization of young Nationalists. The police, reinforced by men from other towns, were obliged to use their clubs freely to disperse the Communist demonstrators.

OSHKOSH KLAN BURNS EMBLEM ON FOX RIVER

Klansman Claims Event Marked Reaching of Full Quota of 2,750 Members

Oshkosh—The fiery cross of the Knights of the Ku Klux Klan was burned here Saturday night, the flaming symbol being displayed on the ice in the Fox river near the Northwest railroad bridge shortly before 9 o'clock. It was 9 by 6 feet in size, the frame having been covered with burlap saturated in oil. Police officers hurried to the scene but could find no one who had a part in the lighting of the cross, a hasty retreat evidently having followed the application of the match to the structure. A member of the Klan here claimed the burning cross indicated the required Oshkosh quota of members had been secured. He said this number was 2,750 and that a class of 103 was initiated at the hour of the burning. The police allowed the fire to burn out. Hundreds gathered on Main street to watch it. The spectacle lasted about an hour.

CANDLER CASE IS QUASHED BY COURT

By Associated Press
Atlanta, Ga.—The case against Mrs. Asa G. Candler and G. W. Keel was dismissed and W. J. Stoddard was bound over for another trial under bond of \$300 here Monday when they were given a hearing in police court on charge of having been in a place where intoxicants were being drunk.

The original charge against Stoddard was also dismissed, but he was bound over on a new charge of violating the state prohibition law when he assumed responsibility for the partly filled bottle of liquor found by the police on a table when Mrs. Candler and the two men were arrested.

Police Chief James L. Beavers testified that he raided an apartment on the afternoon of Feb. 9 on a complaint from Asa G. Candler, Sr., the aged millionaire husband of the young woman. There he found Mrs. Candler and the two men seated around a table on which sat a bottle partly filled with whiskey, he testified.

Senate Will Quiz Burns On Use Of Cipher

Cardinal Bids Belgians Hope For Better Day

By Associated Press
Brussels—Cardinal Mercier has issued a pastoral which alludes to the after war disappointments, including the general impoverishment of Europe and the gathering of great fortunes by the profiteers.

He denounces Germany for her "evil determination" not to pay the allies, for organizing fictitious bank rumpies making any generous move on the part of the victors out of the question, and for provoking economic perturbations, responsibility for which she falsely placed on the allied governments.

"Meanwhile, until Germany pays" the Cardinal writes, "we must work out our own solution."

He urges all classes to reduce expenses, fight speculation and remain confident, as during the war "Hope," concludes "is a theological virtue as binding as faith or charity."

Committee Will Seek to Find How Publisher's Employee Secured System

M'LEAN WILL TESTIFY

Washington Editor May be Secret Employee of Department of Justice

By Associated Press
Washington, D. C.—Cipher experts of the war department who have been translating code messages found in the McLean telegrams will be called first Tuesday when the senate oil committee resumes its public hearings.

Senator Walsh, Democrat, Montana, chief prosecutor in the inquiry said Monday translations of the telegrams by the government experts did not differ materially from the paraphrases furnished the committee last week and arrived at by the use of an old code of the department of justice.

William J. Burns, chief of the department's bureau of investigation will be questioned by the committee Tuesday as to how employees of E. B. McLean came into possession of this code and whether McLean is on the payroll of the special agents of the bureau at a salary of \$1 a month.

WILL QUIT BURNS

Burns also will be asked about the "Mary" code message sent to one of McLean's confidential men at Palm Beach in which reference was made to Burns and to "the McLean investigation."

Senator Mary, Democrat, former private secretary to Burns, and now an operative in the justice department, who sent the "Mary" telegram to her husband W. O. Duckstein, probably will follow Burns on the stand.

McLean may be called before the committee before the end of the week. He returned from Florida early last month in response to a summons, but unlike other persons under subpoena he has not been required to make daily appearance at the hearings. Preparations neared conclusion Monday for the first step in the oil suits to be instituted by special government counsel as a result of the senate committee disclosures. Some announcement is expected Tuesday or Wednesday but meantime those preparing the suits will make no statement as to their precise intentions.

President Coolidge is considering the names of attorneys specially versed in land laws for appointment for special counsel to institute proceedings for recovery to the federal government from the Standard Oil Co. of California of sections 16 and 36 in the Elk Hills reserve in that state.

The oil committee adjourned Saturday after considering behind closed doors records of long distance telephone calls from Washington to McLean and others and is expected when it reassembles Tuesday to resume its questioning of the publisher's employees in an effort to shed light on the numerous messages sent to and from him at Palm Beach which efforts were being made to keep him off the stand.

Among other things, the committee wants to know how a code once used by agents of the bureau of investigation of the department of justice, which was employed in the mysterious telegram signed "Mary" came into possession of McLean's employees, and it has asked William J. Burns, chief of the bureau to appear in this connection. He is also to be questioned about reports that McLean is one of the \$1 a month special agents of the department and "as such, has been furnished a copy of the bureau's present code."

BRITAIN FEARS ARMED FORCE OF FRENCH ALLIES

Poincare Seeks to Allay MacDonald's Doubt of France's Intentions

By Associated Press
London—Premier Ramsay MacDonald's second letter to M. Poincare published Monday sets forth some of the apprehensions regarding France's policy held by numerous Englishmen. Some announcements and these fears the French premier in his reply endeavored to allay.

Premier MacDonald's letter says the people of England "regard with anxiety what appears to be the determination of France to ruin Germany and dominate the continent without consideration of our reasonable interests and future consequences to a European settlement that they feel the sacrifice of the large military and airtial establishments maintained by France."

HOPE FOR UNITY

MacDonald expresses hope that the report of the expert committees on German reparations will draw France and England together. "If cooperation can be reached," he said "it will be possible for us to approach the United States, not as debtors, disputing one with the other, but as a united Europe, anxious by mutual sacrifice and arrangement to cure the ills from which our people are now suffering."

Premier Poincare characterizes as "mistaken" those Englishmen who believe that France dreams of the political or economic annihilation of Germany.

Disclaiming a spirit of militarism on the part of France he asks: "Are there really Englishmen who suppose that France would be capable of military preparations against their country? Our military and airtial establishments are exclusively designed to defend us against attempted German revenge."

It is "infinitely to be desired," he agrees, that the questions of inter-allied debts and reparations should be settled at once.

CHICAGO WATER STEAL HEARING IS ADVANCED

By Associated Press
Washington, D. C.—Hearing of the appeal of the sanitary district of Chicago to set aside the injunction restraining it from diverting water from Lake Michigan in excess of 250,000 cubic feet per minute was advanced by the supreme court Monday to Nov. 10.

BODY OF MISSING MAN FOUND FROZEN IN SNOW

By Associated Press
LaCrosse—Missing since Feb. 14 the body of Otto Schultz, 30, of Caladoun, Minn. was found frozen in the snow near an abandoned farm three miles east of that city. There were no marks on the body. An autopsy will be held.

YOUTH DIES AFTER LOSS OF BOTH ARMS

Oshkosh—William Heidel aged 18 of Brandon who had both arms crushed in a machine at a hemp mill at Brandon, died early Sunday morning at St. Mary's hospital. Although his condition was hopeful for a few days a turn for the worse came Saturday. His right arm was off at the shoulder and his left arm had to be amputated above the elbow. He also had a bad scalp wound. The body will be taken to Brandon for burial.

KING GEORGE CONFINED TO PALACE BY BAD COLD

London—King George V. confined to Buckingham palace suffering from a cold on the advice of his physicians he has cancelled various important engagements he had made for the present week.

WATER BOARD BUYS TRUCK AND 40,000 GALLONS OF FUEL

January Reports Show Deficit Because of Extraordinary Expenditures

The Water Implement and Auto company of Appleton and Wadham's Oil company were the successful bidders on two deals advertised by the Appleton water commission.

At the meeting of the water commission in the city hall Saturday afternoon it was decided to buy a one and a half ton Graham truck from the Water company at the contract price of \$1,425, as proposed.

The business of furnishing the water department with 40,000 gallons of fuel oil was given to Wadham's Oil company at the price of \$863.4.

For the first time in many months the department operated at a deficit, according to the January financial report. Owing to several large disbursements, such as taxes, interest, and the setting aside of money for the depreciation reserve fund, the report showed a deficit of \$87.29.

Bills in the sum of \$2,338.48 and payroll of \$1,160.87 were allowed by the commission Saturday. Action on the annual reports of the assistant secretary and the auditor were again deferred until the next meeting. The January report of A. J. Hall, plant superintendent and chemist, was received.

This was the first meeting to be attended by George H. Packard, new member of the commission who succeeded August H. Meyer, resigned.

Mr. and Mrs. John Stevens, 401 College-ave, expect to leave Wednesday for Bermuda sailing from New York Friday. They will be gone for two or three weeks.

Jiggs Returns To Classified Ad Section

Mr. and Mrs. Jiggs, perhaps better known to the reading public as Jiggs and Maggie, again are occupying their accustomed place on the classified page of The Post-Crescent today, the "solemn referendum" requested by and ardent admirer of the comic family, returned an overwhelming majority for Jiggs and Maggie. Overwhelming is hardly the word—it was almost unanimous. About 700 ballots were returned and only one "No" was recorded.

The demand for return of Jiggs and Maggie was most insistent. Many readers accompanied their ballots with notes requesting the return of the family as soon as possible or even quicker.

Numerous requests for the return of the Duff family to the Post-Crescent's comic page. Mr. Alman, creator of this popular comic, is ill and The Post-Crescent has no recent information on when he will return to work. The Duffs have been discontinued only during Alman's illness and will be returned as soon as the artist recovers.

THRILLING FINISH TO SKAT TOURNNEY

An interesting feature of the skat tournament that closed Sunday in Eagle hall after fifteen consecutive weeks of playing was the competition of Otto Zuehlke, sheriff, and Fred Zuehlke, 710 Appleton-st. Both men were tied with 179 good hands before Sunday's session, and at the end of seventeen games the score still was tied. The eighteenth hand put Fred Zuehlke ahead with 187 good hands, while Otto Zuehlke had 178 good hands.

The last meeting of the Appleton Skat club was a double session, afternoon and evening, with a banquet at 6 o'clock. Final scores have not been checked completely.

Mrs. John Hicks and the Miss Margay and Esther Weed of Oshkosh, were guests Sunday at the home of Mr. and Mrs. John Stevens, 401 College-ave.

BASING ENTERTAINS ATHLETIC COACHES

Myrtle Basing, former Appleton High school and Lawrence football and basketball star, Saturday evening entertained a group of 29 high school and college coaches at a dinner in the Conway hotel. The guests were entertained by talks by Coach "Tommy" Mills of Beloit, "Cub" Buck of Lawrence and David Wilson of Appleton high school. Coach Mills complimented the members of the Fox River Valley High school conference on the sportsmanship of their schools, and on the excellent material they were sending to the colleges of the state.

Mr. Wilson spoke of the aims of high school athletics, and hoped relations between the conference schools might always remain as pleasant and cordial as they had been during the present basketball season. "Cub" Buck recounted several interesting experiences of his career as an athlete and coach, while Basing told of his entry into the business world fresh from college. Basing expressed the hope that the banquet would find a greater attendance next year. He said that he planned to make it an annual event for the furtherance of cooperation and friendship among the coaches.

MARCH 1 USHERED IN DOLEFUL DAY FOR HOOK AND LINE FAN

There will be practically no fishing in Wisconsin from March 1 to June 1 this year, the state conservation commission has announced.

Due to a change in the state law at the last session of the legislature a closed season has been placed on all so-called game fish during this period.

The closed period this year will apply to perch and other fish never before considered in the category of game fish as far as closed season was concerned.

All fish are considered as game fish with the exception of rough fish, carp, chubs, dace, redbreast, sheepshead, sucker, celpout and buffalo fish.

'BUTTERFLY' TAKES FANCY OF READERS BECAUSE IT'S NEW

This Work by Kathleen Norris Is Called for by Host of Booklovers

Its "Butterfly" and nothing but "Butterfly" that people want to read now. Kathleen Norris' book is the biggest drawing card that the Appleton public library has, and though the book is highly sentimental, it does give a colorful picture of a girl who selfishly demands everything even when it means sacrifice on part of others. Kathleen Norris must be put in same category with Harold Bell Wright and Zane Grey. These authors could commit plagiarism and get away with it, so great is their following.

Talking of Zane Grey puts you in mind of his book, "The Call of the Canyon," is unusual, however, and is written in Grey's best style, which means a lot to those who like this type of books.

As the librarians wearily expressed it, "They want new books, that's all. Give them anything that's new and something that's exciting and it goes like that," with a snap of her fingers. And that's the case stated plainly. The rush isn't for one particular book, but for the new ones.

DEMAND SHORT STORIES

Books that are always popular are the best short stories and the one that is most in demand at present, is, of course, "The Best Short Stories of 1923." Edward J. O'Brien compiles these books, and their popularity pays a big compliment to his judgment.

"Scaramouche" written by Rafael Sabatini has had a sudden leap to fame, for this book is surprisingly popular. It has been released as a motion picture film, which probably has a great deal to do with its popularity.

Since most of the books that contain fit screen material have been filmed, many of the recent editions are illustrated with scenes from the photoplay. Perhaps it makes the characters much more interesting if they are impersonated by your favorite screen actor or actress.

NEW FERBER BOOK

Edna Ferber's new book, "So Big," has been placed on the shelves of the library and has a wide circulation. In this story she tells of the life of Selma Peake, whose life may be expressed in her father's shrewd philosophy, "Living is just one grand adventure. The more kinds of people you see, the more things you do and the more things that happen to you, the richer you are. Remember, no matter what happens, good or bad, it's just so much"—he used the gambler's term, unconsciously, "just so much velvet."

It would seem as though the only books the boys want are those dealing with mechanics, for "The Boys' Own Book of Great Inventions" by F. L. Darrow have been the best circulators in the children's department. Other popular books in this part of library include "Jolly Book of Fun-craft" by Patten Beard and "Children's Book of Games and Parties" by C. S. Baller.

It might be mentioned that Edna Ferber has a short story that was selected by Edward J. O'Brien as one of the best short stories of 1923. It is called "Home Girl" and appears in O'Brien's collection of stories.

BANK PICKED FOR TEST CASE ON TAX

Eau Claire—A state bank here has been selected as plaintiff in a test case to be brought by Miller, Mock and Fairchild, attorneys, Milwaukee, to recover taxes paid under protest by the bank in 1922, on shares of stock owned.

Other banks in the state, contemplating or which have started similar action are expected to hold their actions in status quo while early action is being had on the test case. The attorney state arrangements will be perfected to bring the case to early trial. Upon judicial determination by a local court, the case will at once be appealed to the state Supreme court to obtain final decision that will become the law in such cases.

Appleton Big Power Producer, U. S. Finds

Nearly 5 per cent of the total electric energy consumed in Wisconsin last year was generated by the Wisconsin Traction, Light, Heat and Power company of Appleton, which supplies power and light to a large group of communities in the Fox river valley. The total production of this utility was approximately 56,000,000 kilowatt hours. Only 9,000,000 kilowatt hours was produced by water power. Water power was below normal last year on account of the dry spell.

More electric energy was consumed in factories and homes in Wisconsin in 1923 than in any previous year, according to the public utilities bureau of the United States geological survey. The total production in Wisconsin was 1,265,580,000 kilowatt hours, of which 730,473,000 was produced by steam plants and 535,107,000 by water power. In 1922 the total was 1,119,145,000.

Long dry spells last summer made it impossible for hydro-electric plants to obtain the usual flow in the rivers, and consequently only 42 per cent of electric energy was produced by water power as compared with 45 the year before.

To produce the electricity generated by steam plants required the consumption of 863,271 tons of coal and 3,779 barrels of oil. The output from water power saved 434,995 tons of coal. Government averages for the nation report 2.40 pounds of coal were consumed to produce one kilowatt hour.

CHARGE TAX ON STOCK ON COMPANY IN MAINE

Madison—The state tax commission has sustained a ruling of the Winnebago tax board of review in finding that dividends of stockholders in the Maine Lumber Co. of Maine, were subject to income taxes in Wisconsin.

The question involved in the appeal to the state commission was whether certain income received by stockholders of the Maine firm in the years 1918, 1919, 1920, 1921, and 1922, should be exempt from income taxes because such dividends were received by the Maine company of Maine from the Maine Lumber Co., Ltd., of Oshkosh, Wis., which had been assessed an income tax by the county board.

The state commission ruled, that the income was subject to taxes under the circumstances stated. Approximately \$60,000 in income taxes is said to be involved in the appeal, which was decided under rules laid down in income tax decisions handed down recently by the supreme court.

HERE'S WHAT PEOPLE SAY ABOUT TANLAC

"If it had not been for Tanlac I would still be a sick, discouraged woman, for nothing else seemed to do me any good," says Mrs. Edward Gibbs.

All the advertising in the world and all the sales efforts combined could not have made the great success for TANLAC that has been attained, unless this reconstructive tonic possessed merit of the greatest degree. Over 40 Million Bottles of Tanlac have been sold and the demand today is greater than ever before.

That TANLAC possesses merit and has brought relief to hundreds of thousands of persons is attested by the great number of testimonials that have been received by the company from people in every state of the Union and every province of Canada. There are over 100,000 such statements on file with the company, all ringing with sincere praise for TANLAC and what it has accomplished.

Here are excerpts from a few of the 100,000 statements on file:

Mrs. Edward Gibbs, Lancaster, Pa.—"For 2 years indigestion deprived me of nearly all the pleasure of living. If it had not been for TANLAC I would still be a sick and discouraged woman, for nothing else seemed to do me any good."

Mrs. Mary A. Benson, Seattle, Wash.—"Following an operation my stomach and nerves seemed to give away and I became almost helpless. As a last resort I tried TANLAC. I began to improve from the very first, gained 20 lbs., and today am feeling fine."

O. E. Moore, Kansas City, Mo.—"My stomach seemed to pain me constantly. Food seemed to do me no good. I would bloat up with gas, lost my strength, and could not sleep or rest. I was on the down-grade all the time. Tanlac corrected my troubles and put me in excellent shape."

Thomas Lucas, Pottersboro, Ontario—"Well, sir, buying TANLAC was the best investment I ever made, for it built up my health and strength to where I haven't a complaint in the world."

Mr. and Mrs. Joseph E. Kaake, Detroit, Mich.—"For more than a year our three children, age 2, 4 and 6, had been so peaked and lifeless that we were worried about them. Their stomachs were upset, appetites poor, the color had left their cheeks, their nights were restless and during the day they would just mope around, taking no interest in play or anything else. They began to improve with the first dose of TANLAC, and today there are no more healthy children in Detroit."

Tanlac is for sale by all good druggists. Over 40 million bottles sold. Accept no substitute.

HELEN WALDO WILL SING TUESDAY FROM RADIO POINT IN EAST

Appleton audiences who have often listened to the singing of Miss Helen Waldo at the time she attended Lawrence Conservatory of Music, may again have the advantage of her entertainment without leaving the city, or even their homes, provided they have a radio receiving set.

Miss Waldo sings at New York from station WEAH on alternate Tuesdays, beginning March 4. She will broadcast children's songs in connection with John Martin's Book, a children's magazine of which she is one of the editors.

John Martin tells children's stories for a part of the half hour and Miss Waldo usually sings five or six songs. The hour is 5 o'clock at New York, which is 4 o'clock at Appleton. She realizes that this is not a good hour, but is the best that can be had at present.

Green Bay, Wausau, Chicago and Paris, Ill., have heard her, and Appleton is able to, if it tunes in. She will be pleased if her old friends who hear her would tell her about it also declares in a letter to the Post-Crescent.

SCHOOL BUS RULES ARE LAID DOWN BY CALLAHAN FOR ENTIRE STATE

Madison—Uniformity of requirements in transportation of students to and from schools by school districts is the purpose of an order sent out to all county superintendents in the state by John Callahan, state superintendent of schools. Mr. Callahan calls upon county officials to observe the regulations and report results.

A summary of the regulations for school transportation follows:

School boards shall enter into written contracts with the parent or guardian with regard to transporting pupils to and from school.

The conveyance must be provided with comfortable seats, sufficient in number to accommodate all pupils entitled to ride. Overcrowding and overloading must be avoided.

As a protection against cold and stormy weather, some form of covering must be provided for the school transportation conveyance.

The driver must have arrived at the years of discretion and must be of good moral character. He must file a bond in the sum of \$250.

In all consolidated districts, transportation must be provided for the entire term for all children residing over one mile from the school house.

THREE PAVED ROADS NOW FROM DEPERE TO BAY

DePere is to have two more concrete highways. The upper DePere, Green Bay rd. will be paved with 18 foot concrete. This will make three concrete roads between DePere and Green Bay, about four miles. The Dickinson rd., one of the important county trunk highways between DePere and Denmark, also will be paved for about four miles.

DAMASCUS HATES FRENCH AS RULERS

Conditions Are Described in Letter from Brother of Fadlo Freije

People of Damascus are very much opposed to French rule according to a letter to Fadlo Freije, 786 Appleton, st., received from his brother, who is an attorney in that city. Before the war Damascus was ruled by the Turks who confiscated \$75,000 worth of timber belonging to the brother. It was used for firing locomotives after the supply of coal gave out.

The loss of the property brought on a stroke of paralysis which laid up the owner for several years and according to the letter he is just getting back to work. Under French rule the condition of the people is worse than it was under the Turkish government because of heavy taxation which makes existence almost impossible.

People are dying in great numbers for want of food and shelter. A sister of Mr. Freije died less than six months ago and the brother is now the only member of the family left in Damascus. Another brother is living in Fort Wayne, Ind., and a sister in California. Mr. Freije has been in the United States for 32 years and plans to return to his native country next summer for a visit providing he disposes of his business.

Unnecessary Telephone Attachments

Telephone attachments are being sold in a miscellaneous manner throughout the country and are occasionally purchased by subscribers and attached to their instruments. These so-called "helps," disinfectants, etc., are of little account and generally injure the service more than they improve it. Many of these devices get the lines and instruments into trouble and the Company, to protect its service, is obliged to remove them.

The telephone instrument provided and maintained by this Company, is the result of over 40 years of careful scientific development. It is designed to produce the best results and under normal conditions to give the highest quality of service used just as it stands.

We will be glad to consult with you and supply equipment to meet any unusual requirement which you may have but in the interests of good service the Company cannot permit attachments of any kind to their instruments.

Don't Leave Film

On your pretty teeth

See how this new way combats it

Your teeth are coated with a viscous film. You can feel it now. Even when you brush teeth, much of it clings and stays.

That is your teeth's great enemy. That is what mars their beauty, that is what destroys them. Let this free test show you how millions now combat it.

That cloudy coat

Film is that viscous coat you feel. It clings and stays, because old-way brushing cannot effectively combat it.

Soon it becomes discolored, then forms dingy coats. Teeth by the millions thus become unsightly.

Film also holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. No one can hope to escape such troubles without fighting film.

Now there are ways to do that, due to modern research. One way disintegrates the film at all stages of formation. One removes it without harmful scouring.

Dental authorities have proved

these methods effective. A new-type tooth paste has been created so all might apply them daily. The name is Pepsodent.

Leading dentists the world over now advise this method. Careful people of some 50 nations use it every day.

A test will show

Pepsodent results are very quick and convincing. It does more than fight film. It multiplies the alkalinity of the saliva. That is there to neutralize mouth acids. It multiplies the ptyalin in saliva. That is there to digest starch deposits on teeth.

These combined results bring quickly a new conception of clean teeth.

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth become whiter as the film-coats disappear.

What you see and feel will soon convince you that this method is essential. Cut out coupon now.

THE TARIFF

Both the Republican and Democratic parties officially took the position, when the Tariff Commission was established, that the time had come to disassociate the tariff from politics and treat it strictly as an economic problem. Frequent contests over "tariff for revenue only" and "tariff for protection" unsettled commerce, and party leaders came to the conclusion that the tariff should be regulated by economic laws and by a commission of experts who would devote their time to studying the ebb and flow of international trade.

It is probably a fact that every protective tariff law ever constructed contained some of the principles of free trade, and that never was a free trade law passed which did not recognize protection to some extent. There have been compromises to common sense by both Democrats and Republicans.

Public opinion is beginning to think decidedly that the tariff should be eliminated from politics. The press of both parties has been expressing the same conviction, and so have most business men and manufacturers, except only those who look upon excessively high duties as their special privilege.

In the last two years the tariff has been expensive to farmers, especially those growing wheat and corn and raising cattle. The protection which was given to industrial products raised prices out of proportion to the prices which farmers received for their products, and the disparities of which farmers complained were at least partly due to the effect of tariff rates on prices. The tariff could not help these farmers, and there was no foreign market for grain. Furthermore, an important tariff on a commodity which we export, and the price of which is fixed in a world market, can be of no benefit to the producer, except in a very limited degree.

It is generally conceded that the tariff system should take cognizance of the principles of both protection and free trade, and that rates or duties should conform to the international tides of commerce, being raised or lowered as the Federal Reserve bank now raises or lowers the discount rate, to stimulate trading with all parts of the world. It is generally concluded at present, too, that international commerce consists not only of exports, but also of imports.

The tariff is no longer a political issue. It is an economic problem, requiring the attention and work of experts. The currents of trade change and tariff schedules should be regulated so as to direct trade to and from the United States, in both buying and selling.

ART FOLLOWS THE DOLLAR

As the artist is a human being, and likes to live and dress well and to be free from worry and embarrassment, it is his desire to make money. He loves art for art's sake, yet he respects money for what it will purchase, and he would rather be rich and famous than famous and poor. Fritz Kreisler, the renowned violinist, thinks that the world's art center has shifted from Europe to America. He gives as the reason for his opinion the fact that the war impoverished the leisure class of Europe, with the consequence that art has lost its patrons. High appreciation

of fine art is the need of the few and not the many, says Mr. Kreisler. Art is supported by the few. The many have not acquired the culture to enjoy fine art, nor have they the leisure to apply to it, nor the capital to foster it.

True it is that artists do not play, act, sing, paint, chisel or design primarily to become wealthy. Distinction, too, is of secondary importance to them. They are artists because they love art. There would, in fact, be no great artists or works of art if art were pursued only for pecuniary gain. The artist who becomes rich enters the leisure class himself, and he grows less enthusiastic for his art; like the successful business man, he takes naturally to ease and luxury. Nevertheless, it is undeniable that capital is the mainspring of art. Art cannot subsist on admiration and without patronage. There must be a large enough number of persons to support artists by buying their products.

Many of the best art works have come to the United States in the last few years. "A nation," says Kreisler, "exports first its raw materials, then its manufactured goods, then its capital, and last of all its art." Europe has been exporting its art to the United States in order that the leisure class, once opulent, might buy food and clothing. Artists go where they have the best chance of making a living and gaining fame. So they come to this country, which has millionaires and a leisure class. While it is not money that makes art, it cannot be disputed that money, in the finality, builds the art centers.

THE SURFEIT OF LAWMAKING

"For generations," says Mr. Hughes to the American Law institute in Washington, "we have talked of the evil of multiplying laws. Lawyers decry the multiplication in meetings of bar associations, and then, acting in legislative halls, do their full share to increase it. The main trouble with the volume of legislation is not with the courts but with the legislatures. The evil resides not merely in the number of laws. It is in badly drawn laws. It is also in the compromises of legislation, where the contest of opposing policies is satisfied by ambiguous phrases which transmit the difficulties of legislative bodies to the courts, which are left with the burdensome task of discovering the legislative intent, when actually there has been no defined legislative intent."

Mistake of the courts is due to the mistakes, not of the tribunals of justice, but of the legislatures. Disrespect for law is due to the enactment of unnecessary laws and of laws which go too far in their compass and rigor. Compromise laws, which are enacted for political purposes, are ignored. With too many laws, useless laws and extreme laws, with impractical provisions in many laws, it is logical to look for disrespect for all law, legislatures and courts. Most of our political troubles are attributable to unwise, inconsiderate and compromising legislation. But so we have been saying for a long time—Mr. Hughes states "for generations," and nothing is done about it.

CONSERVE THE PEOPLE'S MONEY

President Coolidge issues a warning to congress against passing special appropriation bills. These measures if enacted would, he says, be a heavy drain on the federal treasury and would have the serious effect of nullifying the budget system. The chief executive's admonition to the lawmakers is in full accord with public opinion. The taxpayers would like to see the government follow a policy of strict economy.

So far the record made by congress in the present session is creditable, that is, it appears to be. No one, except a close observer of legislative action, has any idea of the number of nefarious bills which are being guided to enactment behind the oil-investigation barrage. Congress should discontinue making new laws for a few sessions. It should confine its work to investigations and to repeal and amendment of existing laws.

Health Talks

BY WILLIAM BRADY, M. D.

Noted Physician And Lecturer
Dr. Brady with answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

MR. AND MRS. SPRATT

Formerly the big packers were able to utilize every bit of the hog but the squeal, and, indeed, there's a steady demand for even that by-product. But it is premature for us to congratulate ourselves on the elimination of waste, at least while we continue to use only about two-thirds of the nutritive value of the wheat for flour. Mr. and Mrs. Jack Spratt solved the problem of complete utilization of the nutriment at their disposal with respect to carnivorous components of the diet. We might take a cue from the Spratts with respect to at least one item of our mixed diet which is quite as important as a nutritive value as any thing that comes on hoofs. I am alluding to potatoes. The Irish delicacy, I mean, of course, though I should be the last to discriminate against candied sweets with fried chicken a la Tarborough, which they sometimes serve to distinguished guests in Raleigh. The nutrition of hogs is extremely well provided for in this country. Indeed, the authorities at Washington assure us that more hog meat than beef and mutton is now consumed by the American people. The most casual consideration of the nutritive material which we commonly reject in trying to find a portion soft enough for our pampered, unskilled teeth or "pure" enough for our pampered digestion, gives us at least a hint as to why the hogs thrive so well. After all, they eat a rather better balanced diet than most of us humans permit ourselves to have.

Everybody knows that a baked potato is a whole some morsel—I myself consider it no more whole some or digestible than a boiled or a fried potato, but let's not quarrel about a minor point now—and nearly every body who esteems baked potatoes takes pains to remove the skin and discard it as something unfit for human consumption.

Give me the baked potato skins and you may have all the white starch within. The baking in the first place, sterilizes the skin, thus insuring against any possible ingestion of parasite or their microscopic eggs. In the next place most of the fine flavor of the potato hides in the skin. The main reason for preferring baked potato to boiled in the sickroom dietary is that in boiling most of the mineral salts are dissolved out into the potato water and lost, but unless you eat the baked potato skin you might as well have your potatoes boiled after all. The vitamins in potato lie chiefly, immediately under the skin and are discarded by those who reject the "peel."

Of course the cellulose (woody fibre) of the potato skin is not digestible for man, but that very fact is another good reason for eating the skin of the baked potato, for that universal ailment constipation is largely due to insufficient roughage or indigestible material in our food.

There are a few edible substances which are better chewing than baked potato skin, and I still maintain that the mastication of such natural foods is the best tooth preservative.

Some persons crave raw potato and fear to indulge in this not unnatural craving. They may and should indulge in it in a reasonable way. But I urge the eating of the potato skin as the normal way to satisfy that instinctive craving for mineral matter or vitamins which never it is.

QUESTIONS AND ANSWERS

Rainbow Chasing

Have had TB for two years. Would a dry climate be better for me? It seems that I do not do so well here in the winter months. (Mrs. D. S. J.)
Answer—Long Beach, Cal., your home, is as good a climate to recover in as that of Lansing, Mich. or Worcester, Mass. Any change of residence without the advice of your physician would be a very unwise experiment. Send a stamped self addressed envelope for a few hundred words of advice and instructions for persons who mean to win the battle with tuberculosis.

Contagious and Infectious

Kindly explain the difference between contagious and infectious disease. Can a third person carry measles from the sick child to another child? (P. L.)

Answer—A contagious disease is communicable by contact. An infectious disease is communicable through means, as by a third person (carrier) or through pointed food or water (typhoid fever). Probably measles is not communicable by a carrier. (Copyright, National Newspaper Service.)

LOOKING BACKWARD

TWENTY-FIVE YEARS AGO

Monday, March 6, 1899.

John A. Morse of Shiocton was in Appleton on business.

The following Friday was the sixtieth wedding anniversary of Capt. and Mrs. G. W. Spaulding.

Mr. and Mrs. Joseph Spitz entertained a group of friends Sunday evening.

Lyman E. Barnes and Capt. J. M. Baer returned from a several days business trip to Chicago.

A letter from Gus Bleasman, Sixth United States cavalry at Fort Leavenworth, Kan., announced that he was a corporal.

W. S. Patterson left for New Orleans to attend the annual convention of the National Plumbers association.

C. B. Fido was awarded the contract for making the plans for the addition to be built by the Kaukauna Fibre company.

D. W. Dean left for Minnesota on business connected with the three cheese factories which he leased and expected to manage the coming summer.

Peter Schultz, while attempting to alight from an electric car at Menasha was thrown to the ground and severely injured.

The resolution introduced at the last council meeting to increase the wages of members of the fire department did not meet the approval of Mayor Herman Erb, Jr., who vetoed it.

The Young People's Society of Christian Endeavor of the Congregational church was planning an Irish social for the evening of St. Patrick's day.

TEN YEARS AGO

Monday, March 2, 1914.

John L. Hettlinger was in Milwaukee on a several days business trip.

A daughter was born the previous Saturday to Mr. and Mrs. T. J. Long.

Attorney John Bottensack was called to Chicago on business.

Announcement was received here of the appointment of Frederick Simplich, formerly of Appleton, as American consul at Nogales, Mex.

Mrs. Edgar Beth, 82, daughter of Mr. and Mrs. D. H. Gurnee, died after a prolonged illness.

William Chiroggee's residence on Kimberly-ryd was destroyed by fire the night previous.

Simon Marshall left for Syracuse, N. Y., to attend the funeral of his brother, Jacob Marshall.

Francis H. McLean of New York, who had been making observations in Appleton for a week, presented a detailed report of his findings at the Congregational church.

The formal announcement of the marriage of their daughter, Miss Adele, to Edwin S. Goldstein of Chicago, and the observance of the thirty-fifth anniversary of their marriage was the occasion of a reception given Sunday evening by Mr. and Mrs. Joseph Ullman.

SEEN, HEARD

and

IMAGINED

---that's all there is to life

TIME BRINGETH CHANGES

In those dear days when they were newly wed, He gazed at her asleep upon her bed. His awe-struck features reverent and adoring! But when, alas, the honeymoon has fled, He tossing 'round upon his unmade bed, Yells out, "For gosh sakes, quit your snoring."
—Mrs. G. W.

A Madison news report asks the question, "Are Wisconsin farmers asleep at the switch?" The Beloit News supplements that question with another, "Is it wise for Wisconsin railroad men to turn back after they have once set their hand to the plow?"

Dry Humor

Talk wet and vote dry, You may get to congress In the sweet by and by.

ROLLO—Notice that spring styles are being shown. You see hats in the windows beautifully trimmed. The customers will be trimmed later. It will not be stylish this year to pay reasonable prices. Reasonable prices are never stylish.
—BOZO

There are four words to avoid which many a headline writer is now scratching his head, and they are Probe, Quiz, Bare and Oust.

The middle-aged bachelor who rooms across the way says he will enter the marriage market as soon as he can find a woman who has a set of false teeth, who has had her appendix and tonsils removed and who already has a seakskin coat—and no bills pending.

Who is Mrs. G. W., and Tex. and Coed Kate, and Bella Donna, and Louise? These are inquiries that come to us frequently from column readers. Major Hoople thinks he has succeeded in ciphering out the name of the person who signs herself Bella Donna.

The Hidden Solution
Yes, sir, subtract the "E" and the "D" from Bella Donna, and start out with a lonely "I", and then add a "V" to "onn", and an "I" to "ella"—and the solution to Bella Donna's name is "I Wonna Hoople."
—Major Hoople.

It is still "I Wonna Fella" for Bella Donna. At the close of the fishing season it will be "I Wonna Fella," Major, my boy.

But since when did you tire of South Sea Island beauties, Major?
ROLLO.

WHAT IS GOING ON IN THE WORLD

BY CHARLES P. STEWART

SECRETARY OF THE NAVY
Denby was just as positive he wouldn't resign as Attorney General Daugherty is. Yet he resigned. So there's no certainty the pressure won't be too severe for Daugherty too. If he did speculate in Sinclair oil—he hasn't admitted it—his friends declare his dealings were small; he lost, he siddes. They don't say he meant to, though. Falsely accused—he claims by certain senators, Daugherty talks of appealing to "the bar of public opinion"; how isn't clear.

Presidential Secretaries

The Senate all investigators put President Coolidge's secretary, Bacon Slomp, on the pan. They wanted to know if he's chatted about the oil cases with anybody. Of course he has. President Harding's secretary, George Christian, avoided investigation by asking President Coolidge to cancel his appointment to a job on the Federal Trade Commission. This happened after Chairman Thompson stated Christian, as secretary, had tried to influence the commission in favor of a movie concern. Christian said it wasn't so, but he didn't want to work with an uncongenial chairman.

Your Income Tax

In connection with the income tax fight, there's but one safe bet—there'll be no reduction in time to effect payments due March 15. Related changes may mean relief later on. The big tax payers'll mean something. To the average man they won't amount to much—perhaps a box of cigars. For all practical purposes, so far as 1923 is concerned, he's "stuck" at the present rate.

Waked Them Up

Prohibition may not have been jolted, but dry agents' methods were, when one of them, shooting at a mere suspect, in Washington, hit Senator Greene in the head. One of its own members having been nearly killed, Congress sat up with a jerk and began to investigate—especially dry Commissioner Haynes' recent declaration that a few shootings didn't matter, compared with enforcing the law. Even the dry lawmakers don't want to be shot.

OBREGON'S JOB

Now that President Obregon, using American arms, has about squelched rebellion in Mexico, he's trying to amend the constitution. So as to stretch his term, soon to expire, by two years. Which hints at some truth in the charge by General de la Huerta, beaten rebel leader, that the "Obregonistas" are trying to hang onto power by peculiar means.

France and Germany

PREMIER POINCARÉ of France, whose policy has blocked every effort to put Germany in better business shape, is so weak politically now that maybe he won't be able to veto General Dawes' plan. Poincaré has just won a test vote in the Paris Chamber of Deputies, but his generally expected "he'll lose the coming national election. Some of the papers

There is mail waiting for you in Wall Street!

We may be mistaken but we believe that the average man thinks he can do certain things better than his neighbor—

For example—tuning in a Radio—or backing a car into a parking space—or running the country.

We'll go further and say that there may be some man in town who thinks that while we are all right in our way—he can do better in price somewhere else.

To that man we say this; for our quality goods—for our type of merchandise—if you can beat, or in some cases equal, our low prices—you are wasting your time here in Appleton—you'd make a fortune in Wall Street.

"TWO FLOORS OF GOOD THINGS TO WEAR"

The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Information Bureau, Frederick J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. How old is Miss Isabel MacDonald? G. B. H.

A. The young hostess of 10 Downing Street is twenty years of age.

Q. How fast do people on skis go, and is a 70 foot leap a large one? A. D.

A. Great speed can be attained by experts on skis. It is possible for such persons to travel at the rate of a mile in a minute and a half. Leaps of 75 feet are no longer unusual. One of the greatest leaps ever made was by

even talk of a dictatorship under President Millerand, to crowd him out sooner than that.

America's Million

The "German-American" mixed Claims Commission" having awarded about a million to Americans for the Lusitania sinking, Berlin cables say Germany will pay as soon as she can borrow the money from the United States.

Q. What does drama mean? Q. T. E.

A. The term "drama" means "the deed." The modern drama is an evolution of that created thousands of years ago in Greece. The origin is traced to the festival in honor of Ceres, the goddess of the grain.

Q. Could there be a rainbow at noon, or before sunset? H. G.

A. The United States Naval Observatory says that this is possible. In latitude 40 degrees, there might be a rainbow at noon between the middle of October and the first of March. The upper portion of a rainbow may be formed a few minutes before sunrise.

Q. Who made the first clock in America? M. P.

A. Benjamin Banneker, a Maryland negro, is credited with the first clock made in this country.

Regnar Omtvedt of Chicago, in 1916—a distance of 192 feet 9 inches.

Q. Who founded the Chicago Tribune? J. P.

A. The Tribune was founded June 10, 1847 by Joseph K. C. Forrest, James J. Kelly, and John E. Wheeler. One month later Kelly withdrew.

Thomas A. Stewart became editor. On June 13, 1855, Joseph Medill secured a one-third interest and Charles Ray a one-quarter interest. From this time on, Joseph Medill was for many years the dominant force on the Tribune.

Q. How fast does a dream take place? N. B.

A. Scientists have conducted various experiments to demonstrate the rapidity with which a dream takes place. In one particular instance the sprinkling of a few drops of water on a man's face caused a dream in which the events of a whole lifetime passed before him. The whole process took but a second or two of time. The great rapidity of dreams is due to the fact that in the unconscious all the individual life experiences are on view as if in one flash.

Q. When was Cambridge University founded? F. E. K.

A. The origin of Cambridge University is obscure. It probably grew out of a local educational movement during the 12th century. The first of the colleges was founded by Hugo Bishop of Ely in 1571. At present 17 colleges compose the University.

Q. Did Jack London renounce Socialism during his life time? J. J. S.

A. Mrs. Jack London says that Jack London did not renounce Socialism during his life time. He did, however, sever his connections with the Socialist Party a few months before his death in November, 1916.

Q. What does drama mean? Q. T. E.

A. The term "drama" means "the deed." The modern drama is an evolution of that created thousands of years ago in Greece. The origin is traced to the festival in honor of Ceres, the goddess of the grain.

76 Tables In Play At Card Party

Auxiliary of Legion Nets More Than \$100 for its Work of Helpfulness

The largest card party ever in Elk hall was given Saturday afternoon by the Auxiliary of the American Legion. Seventy-six tables were played, netting \$104.08 for charitable work carried on by the organization.

Prizes at bridge were won by Mrs. John Goodland, Mrs. F. I. Richardson, Mrs. Thomas Long, Mrs. F. Weyenberg and Mrs. P. H. Sharp, at schafkopf by Mrs. Ben Koepke, Mrs. Earl Bates, Mrs. W. Z. Dutcher, Mrs. Reischel and Mrs. Julius Kopplin. Mrs. William Schultz and Mrs. William Block won prizes at five hundred and Mrs. Fred Agrell and Mrs. Clara Groth prizes at dice.

Much of the work in preparation for the party was done gratis and the committee in charge was pleased with the response and aid given by the various concerns.

Mrs. Leroy Myse was chairman of the committee, assisted by Mrs. George Hogreiver. Others on the committee were Mrs. Robert Ebbesen, Mrs. John Hertel, Mrs. Louis Flotow, Mrs. A. Grizmacher, Mrs. Fred Heinritz and Mrs. Louis Lohman.

Passion Play Will Be Given By Local Church

The congregation of St. Joseph church will give a passion play that calls for 100 characters between April 6 and 13. It was written by J. F. Banister and will be directed by Mr. and Mrs. Banister. They plan to start work at once and the selection of the characters is now being completed.

The play opens with the betrayal of Christ and concludes with the resurrection. A large choir will be trained to give musical effects.

Family Reunion Celebrates Two Anniversaries

Mr. and Mrs. Joseph Ullman, 733 Durkee-st. were hosts at a double celebration at Conway hotel Sunday evening. The occasion was the forty-fifth wedding anniversary of the couple and the seventieth anniversary of Mr. Ullman's birth.

Covers were laid for 50 guests. Mr. and Mrs. Ullman were married in Appleton. Their children are Mrs. Herman Reel of Milwaukee, Sam B. Ullman of Antigo, Mrs. D. M. Stern of Chicago, Mrs. E. S. Goldstein of Cleveland and Mrs. J. P. Frank of Appleton. Other out-of-town guests who attended the celebration were Mrs. B. Heineman, Mr. and Mrs. G. B. Heineman and Mr. and Mrs. George Sixsmith of Wausau, Mr. and Mrs. I. Schloss of Milwaukee, Mrs. Joseph Weinfield of Chicago and Emil Weinfield of Eau Claire.

CARD PARTIES

The Royal Neighbors will give an open card party at 8 o'clock Monday night in South Masonic hall. Schafkopf, dice, bridge and five hundred will be played. The card party will be preceded by a business meeting of the lodge at 7:30.

Nineteen tables of schafkopf and one table of plumsack were played at the open card party given by the Christian Mothers of Sacred Heart church in Sacred Heart school Sunday afternoon. Prizes at schafkopf were won by Mrs. C. Mauer, F. J. Strobel and Mrs. Pauline Tuchen, at plumsack by August Berndt and Mrs. William Giesbers.

The Loyal Order of Moose will have its regular meeting at 8 o'clock Tuesday night in Moose temple. A class of candidates will be initiated into the order.

The Ladies Auxiliary of the Fraternal Order of Eagles will have its last visiting day before Lent at 2:30 Tuesday afternoon in Eagle hall. Cards will be played. The hostesses are Mrs. Charles Kiltner, Mrs. Edward Ratzman, Mrs. Charles Ratzman, Mrs. Edward Tornow, Mrs. Frank Schneider and Mrs. August Koll.

BATS BASKETBALL TEAM LOSES TO GREEN BAY

The Bats went down in defeat a second time in the game with the Green Bay V. W. C. A. team which took place at the V. M. C. A. on Saturday evening. The score was 14 to 10. The teams made a striking appearance on the floor, the guests suits being buff and white, while the Bats wear black costumes trimmed with white bats. After the game the visiting team was entertained at Appleton Womens clubhouse.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs. Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder medicine.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root. It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N.Y., for a sample bottle. When writing be sure and mention this paper.

Day's News of Wisconsin and Outagamie County

TWO K-C WORKERS GIVEN WATCHES FOR SAVING LIFE

George Weyenberg and Edward Reuter Rewarded for Presence of Mind

Special to Post-Crescent
Kimberly—George Weyenberg of Kimberly and Edward Reuter of Appleton, were presented with gold watches Saturday night by Kimberly Clark company as a reward for saving a workman, Michael Thiel, from possible death.

While at work at the papermill Thursday Thiel's arm became caught in a small canvas feed belt and he was thrown about 16 feet over a calendar stack of a paper machine. His cries for help caused Weyenberg and Reuter to rush to his assistance and rescue him from further injury and possible death in the paper machine.

Presentation of the watches was made by S. F. Shattuck and M. G. Hooyman of Neenah, the latter of whom is safety director of the mill.

This is the first time an award of this kind has been made at the Kimberly mill and is in accordance with the company's plan of rewarding those who do similar acts. It is the second in the company's history. The first watch was given to an employee of the company's mill at Niagara.

STAGE MOCK TRIAL

The yellow division in the Kimberly-Clark's safety contest, put on a mock trial at the mill clubhouse Thursday noon. The contest was to end March 1, but has been continued for 30 days.

M. G. Hooyman, safety director of the mill, was the man placed on trial. He was "arrested" for neglect of duty and was ushered into the hall with a heavy iron chain to the neck. Testimony brought out by witnesses was comical and confused things considerably. They swore to him and do everything they should not do. Mr. Hooyman was found guilty and was "convicted." The audience greatly appreciated the program and it served to stimulate the safety spirit which has set a record at the mill.

It has been decided to continue the contest for 30 days more between the yellow and greys as it ended in a tie. Both sides had several near accidents but none was bad enough to be classed as an accident.

PROGRAM IS GIVEN

The program given by Junior Holy Name society Sunday afternoon and evening at the clubhouse was well attended. The audience enjoyed the program and called for numerous encores from the boy singers. The Rev. C. Raymakers directed the program and Prof. John Gysbers acted as musical director.

The program included:
"Massa's in the Cold, Cold Ground"..... Boys' quartet
"Rheumatism"..... Short comedy
"Comedy by little folks"
"Mother's Handiness"..... Short comedy
"Old Folks at Home"..... Quartet and chorus
"Too Bad"..... Recitation
"Carmante Jongelui, Duet in Dutch"
"Old Black Joe"..... "Dixieland"
"The Bull Dog"..... Quartet and chorus
"How I Tended the Baby"..... Male Quartet with chorus
"Twee Jongens van Fleisje"..... Recitation
"Athena's Oration"..... Duet in Dutch
"When You and I Were Young Maggie"..... Vocal duet
"Little Cotton Dolly"..... Male quartet
"Terug Van Geheelonthoudersvergadering"..... Characteristic
"Lutch comedy by John Gysbers"
"Way Down Yonder in The Cornfield"..... Male quartet and chorus

FEW AT DANCE

The married folks' dance given in the Kimberly clubhouse Thursday evening by the Kimberly Independents at the request of the married people was not well attended. The Sterling Six from Kaukauna played.

A party also was held Thursday evening in the clubhouse by about 20 young people of the mill. The early part of the evening was spent in playing cards. The young folks spent the rest of the evening dancing.

A dance was held immediately after the basketball games Friday night in the clubhouse. A large crowd attended.

Remmie, 3-year-old daughter of Mr. and Mrs. Martin Weyenberg, was buried Friday. Funeral services were held in Holy Name church with the Rev. F. X. Van Nistelrooy in charge.

Several people from Kimberly attended the card party and supper at Combined Locks Sunday afternoon, for the benefit of the new church.

KAUKAUNA QUINT DEFEATS DEPERE IN HARD CONTEST

Kaukauna and Clintonville Play for Chance to Get in Tournament

Kaukauna—The high school basketball team annexed another victory to its record Friday evening when it defeated West DePeré 10 to 7 at DePeré in what was termed a good football exhibition. It is said the DePeré team tried to win its game by resorting to unsportsmanlike playing but they were outplayed even in that type of game when the Kaukauna boys opened up after vainly attempting to maintain the standard of the battle. The Electric City boys had the advantage in weight and came out of the exhibition unscathed but at least two members of the home team were eliminated from the fray by injuries. The score at the end of the first period was 6 to 4 in favor of Kaukauna. The high school team plays its last game of the season at home next Friday evening. New London high will furnish opposition.

Kaukauna and Clintonville high schools clash in Alexander gymnasium in Appleton Tuesday night to determine which will enter the district tournament in Appleton.

MANAGER OF HOTEL DIES AFTER BRIEF ILLNESS

Kaukauna—George Jirsa, 42, died at 2:45 Sunday afternoon at his home, 101 W. Second-st. after an illness of five days. He is survived by his wife and one sister, Mrs. Rose Boersma Chicago. The body left this city Monday for Milwaukee where funeral services will be held. Mr. and Mrs. Jirsa came to Kaukauna on June 1, 1923 to operate the Grand View hotel on Second-st. Mr. Jirsa was born April 13, 1882.

Decedent was a member of the Elks lodge No. 46, Milwaukee; Modern Woodmen of America, Lynden; Columbia lodge, No. 124, Free and Accepted Masons; Columbia chapter, No. 31, Royal Arch Masons; Wisconsin Commandery No. 1, Tripplet Temple and Wisconsin Consistory, Milwaukee.

BOY SCOUTS WIN

Kaukauna—Boy Scout Troop No. 9 Appleton, defeated the Kaukauna Midgets 12 to 10 in a game Friday evening in Appleton high school gymnasium. The lineup for Appleton included Gabriel and Cominsky, forwards; Steenis, center; Stengle and Cohen, guards; for Kaukauna, Bentrock and Goldin, forwards; Boyd, center; Wings and Cox, guards.

SURPRISE PARTY

Kaukauna—Friends of Norman G. Gerhart surprised him at his home, 114 E. Fourth-st. Sunday evening in honor of his birthday anniversary. Thirty-two persons were present. Prizes at cards were won by Mrs. John Gerhart and Richard Wilpolt. Consolation awards went to Mrs. Richard Wilpolt and John Gerhart.

MULFORDS DEFEAT LITTLE CHUTERS

Kaukauna—Little Chute basketball team was defeated in the high school auditorium, 19 to 14, Saturday evening in a slow game with Mulford. The high school seniors have received their class rings. They are octagon in shape and bear the school seal.

The juniors of the high school who have chosen as their class play "Lighthouse Nan" expect to present it in the near future.

Mr. and Mrs. Charles Oaks moved into the McFarland home this week. James McLaughlin and Roy Middleton left Wednesday for Detroit, Mich., where they expect to spend about two months shearing sheep.

Theodore Schubert was a New London caller Wednesday.

Miss Vera Poolo of Appleton spent a few days at her home here.

Mr. and Mrs. Norman Williams were at Appleton Tuesday and attended the Lawrence college Glee club concert.

Mr. and Mrs. Peter Laird of Leeman visited at the home of Mr. and Mrs. Fred Finger, Wednesday.

Mrs. Alvin Metz of Clintonville is visiting among relatives here.

Mrs. W. H. Towne visited relatives at Seymour, Wednesday.

Misses Edna Greenwalt and Muriel McLaughlin were New London callers Saturday.

R. J. Peacock and J. A. Griffin were in Appleton on business Thursday.

DEBATE TRIANGLE OCCURS MARCH 28

Shiocton, Manawa and Casco Will Take Part in High School Contest

Shiocton—The new triangle debate has been arranged and will be held on Friday, March 28, at Shiocton, Manawa and Casco high schools.

The Willing Workers will meet Wednesday, March 5, in the church parlors. Mrs. Ella Sorenson, and Mrs. James Johnson will entertain.

A son was born to Mr. and Mrs. Kenneth Andrews on Friday, Feb. 29.

Mr. and Mrs. G. H. Lonkey left Wednesday evening for Alamo, Texas, where they will spend a month. Before returning they will visit at the home of Mr. and Mrs. Charles Singler, former residents of Shiocton.

Mrs. Herman Miller entertained her Sunday school class with a

HAVE COLOR IN CHEEKS

Be Better Looking—Take Olive Tablets

If your skin is yellow—complexion pallid—tongue coated—appetite poor—you have a bad taste in your mouth—a lazy, no-good feeling—you should take Olive Tablets.
Dr. Edwards' Olive Tablets—a substitute for calomel—were prepared by Dr. Edwards after 17 years of study. Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days you must get at the cause. Dr. Edwards' Olive Tablets act on the liver and bowels like calomel—yet have no dangerous after effects. They start the bile and overcome constipation. Take one or two nightly and note the pleasing results. Millions of boxes are sold annually at 15c and 30c. adv.

ISAAR PUPILS IN SEYMOUR PROGRAM

Two Win Places in Poster Contest in Connection With Institute

Special to Post-Crescent

Isaac—A large number of friends and relatives attended a card party at the home of Mr. and Mrs. H. J. Hanes Saturday evening.

Sunday night a card party was held at the home of Mr. and Mrs. Joseph Linsmeyer.

Miss Margaret West spent the weekend at her home at Kaukauna. The girls of the Isaac school who gave a flag drill and costume dance at the farmers institute at the Seymour auditorium Thursday evening included Cella Eber, Florence Kroner, Josephine Hansen, Gertrude and Mary Ullmer and Della Ziesemer.

Mrs. H. J. Ullmer entertained the Isaac girls who were on the program at Seymour and their teachers, Miss Edna and Mabel Snell at a dinner on Thursday.

Miss Olive Reis received second place and Miss Cella Ebert received fifth place in the poster contest, conducted to advertise the farmers' institute at Seymour. The posters that receive the first three places are sent to Madison to be judged there, with others received from other institutes.

A large number of friends and relatives surprised Casper Matuzak Friday evening. The occasion was his birthday anniversary. The evening was spent in dancing.

Country Line school enjoyed a sleighride party to Seymour to attend the farmers' institute Thursday evening.

Miss Veronica Sigl visited her sister, Mrs. John Leininger of Seymour for a week.

Wedworth Corners school was closed Monday and Tuesday, due to the illness of the teacher, Miss Edna Hayes.

Miss Marie Hansen of Laney spent the weekend with her parents here.

Mr. and Mrs. Julius Fohl and family spent Sunday with Mr. and Mrs. F. Snell.

Miss Luella Graf, who has been ill with pneumonia, is recovering.

Mrs. William Loewenhagen visited relatives at Oshkosh last week.

Mrs. Julius Springstroh and son Helmut are visiting Mrs. William Loewenhagen and family here.

Supper at the Baptist Church, Tues. eve. at 6:15 — 35c.

ROSEBUSH SECURES CONTROL OF PAPER MILL AT KAUKAUNA

Appleton Man Buys Interest of Eight Stockholders in Outagamie Company

Controlling interest in the Outagamie Paper Co., Kaukauna, has been transferred to Judson G. Rosebush. Mr. Rosebush has acquired the interests of eight stockholders and now owns entire control of the company. Among the largest stockholders to dispose of his holdings is A. W. Priest, Appleton, president of the company.

Capital stock of the company has been increased from \$400,000 to \$750,000, according to an amendment to articles of incorporation recorded here.

Officers of the company, before the transfer of controlling interest, were: A. W. Priest, president; Mr. Rosebush, vice president; John McNaughton, treasurer; H. S. Cooke, secretary. The property consists of a papermill and a pulpmill and a waterpower.

Midnight-KPT 469, Los Angeles. Coconut Grove orchestra.

Darboy's Growth Is Recorded In Progress Made By Holy Angels Catholic Church

Darboy—History of the growth of the village of Darboy is practically the story of the founding and up-building of Holy Angels church, for the appearance of the first white people brought the establishment of the first church through work of the priests who brought frontier conditions of early days to bring religion along with civilization.

In the early part of the year 1831 all of the town of Buchanan was set apart for the Menominee Indians, who were to be taught by the government to conduct farms, keep house and live like white people.

Later many changes were made in the visions of the treaty and boundaries of the reservation were changed.

Religion's entry here dates back to the year 1830, when mass was celebrated for the first time in the township at the home of Joseph LeMure, a fur trader who came here from Green Bay in 1830. The mass was conducted by the Rev. Theodore Vandenberg of Little Chute, who overcame many hazards in order to carry on his missionary work. He was obliged to carry articles for the mass in a knapsack, as transportation was possible on foot only. It was not long before he was ministering to 35 families.

DONATES CHURCH SITE

Although plans for building a church were made at a gathering July 24, 1830, when a gathering of five acres of land for a site, the building was not erected until 1855. On Sept. 8, 1854 the Rev. Father Kunding of Oshkosh read mass at the home of Casper Kruse, which was across the road from Frank Dieringer's blacksmith shop. The Rev. Father Fueseder, also of Oshkosh, also came once a month to hold mass.

Building of the church began in the fall of 1854 and was completed in the spring of 1855. First mass was read there Aug. 25, 1855. There was no resident pastor, but visits were made monthly during 1855 by the Little Chute priests, Father Lammers, Mauelet and Pfeiffer. The formal dedication in honor of the "Holy Guardian Angels" took place Oct. 26, 1857, conducted by Bishop John Martin Henn of Milwaukee, assisted by Father Smeding of Green Bay and Father Pfeiffer of Little Chute. The church continued as a mission served by pastors from Little Chute, Menasha and Appleton.

Pastors were accommodated with a residence, a frame building erected in 1854 and 1856. The first resident pastor was the Rev. Clemens Duerr, who came June 11, 1859 and served until Feb. 1, 1871. He was succeeded by the Rev. Joseph Ernest Hackl.

Growth of the community and the congregation made a larger church necessary and Father Hackl conducted a campaign for \$12,000 with which to defray the cost. A brick structure was put up and the cornerstone laid by Bishop Deans June 29, 1874 in the presence of a large crowd. The church was consecrated Oct. 2, 1875 by Bishop F. X. Krauthauer of Green Bay, assisted by other priests from this locality.

MEMBERS PROVIDE BELL

Michael Dietzler conveyed the large church bell from Appleton. It was made in Cincinnati, Ohio and was given by Peter Josen, a prominent member of the parish. It was consecrated in the name of "Clemens" June 29, 1875 by Bishop Melcher. The smaller bell was given by a group of members including Mr. and Mrs. Henry Schaefer, Mr. and Mrs. Peter Haupt, Henry Kamkes, Miss Anna Marie Noe, Nicholas Marx and others. It was christened Ave Maria and blessed by Bishop Katzer. The first organ was donated by a Mr. Sanders. Changes in pastors were frequent for a time. Father Schoelz came to the church in 1875 and left in 1876. He was succeeded by the Rev. Matthias Welbes, who served from Jan. 6, 1876 to Jan. 16, 1882. The Rev. Henry Reuter was in charge until November 1882 and the work was continued until Dec. 15, 1883 by the Capuchin fathers of Appleton. During their administration a parochial school was built at a cost of \$1,626 and sisters from St. Agnes convent, Fond du Lac, instructed the pupils, of whom there were 80. They taught in both German and English.

The next pastor was the Rev. Tobias Spinas, Dec. 15, 1883 to August 1884, and on Sept. 17 of the latter year the Rev. Michael Schoelz came and served until Aug. 13, 1896. His pastorate was at the time when a splendid orchard was started, a pond was built for fishing and hunting and a bowling alley was provided. The church property also was improved and a brick parsonage was built in 1886 at a cost of \$1,440.

CHANGE PASTORS
Aug. 13, 1896 the Rev. George Brunner assumed the pastorate and stayed until March 1900. His successor was the Rev. Florian Meyer who stayed

MEMBERS PROVIDE BELL

Michael Dietzler conveyed the large church bell from Appleton. It was made in Cincinnati, Ohio and was given by Peter Josen, a prominent member of the parish. It was consecrated in the name of "Clemens" June 29, 1875 by Bishop Melcher. The smaller bell was given by a group of members including Mr. and Mrs. Henry Schaefer, Mr. and Mrs. Peter Haupt, Henry Kamkes, Miss Anna Marie Noe, Nicholas Marx and others. It was christened Ave Maria and blessed by Bishop Katzer. The first organ was donated by a Mr. Sanders. Changes in pastors were frequent for a time. Father Schoelz came to the church in 1875 and left in 1876. He was succeeded by the Rev. Matthias Welbes, who served from Jan. 6, 1876 to Jan. 16, 1882. The Rev. Henry Reuter was in charge until November 1882 and the work was continued until Dec. 15, 1883 by the Capuchin fathers of Appleton. During their administration a parochial school was built at a cost of \$1,626 and sisters from St. Agnes convent, Fond du Lac, instructed the pupils, of whom there were 80. They taught in both German and English.

The next pastor was the Rev. Tobias Spinas, Dec. 15, 1883 to August 1884, and on Sept. 17 of the latter year the Rev. Michael Schoelz came and served until Aug. 13, 1896. His pastorate was at the time when a splendid orchard was started, a pond was built for fishing and hunting and a bowling alley was provided. The church property also was improved and a brick parsonage was built in 1886 at a cost of \$1,440.

RADIO BEE STINGS POPULAR SONG FAN

That is How Dealers Realize Demand for Latest Musical Hits

A brand new song will have the place of honor this week, for now it's "A Smile Will Go a Long, Long Way" that everyone wants to play and sing. A new method of advertising and one that seems to be quite fruitful has been introduced. The

Milwaukee, relative of Mrs. Jerome Uitenbroek, read his first mass at this church in July, 1917. The silver jubilee of ordination of Father Linder was held on June 22, 1918. In June 1919, he went to Indiana and returned ill. He died July 2, 1919 at St. Elizabeth hospital, Appleton and burial took place in this church and cemetery with Bishop Paul P. Rhode reading solemn requiem mass.

HUSSLEIN COMES

The Rev. W. Fechter of Minnesota took charge until September of that year when Appleton Capuchin fathers began to serve. In October, 1919, the Rev. Theodore H. Kersten of Meeme, Manitowoc-co, became pastor and during his stay until June 1, 1922 led the movement to improve the cemetery and install electric lights in the church. The present pastor, the Rev. John W. Husslein of Iowa, then was transferred to the Darboy pastorate and is doing excellent work. Twenty-seven deceased or present members of the congregation have military records in the Civil and World wars. Societies which are active in the church activities are St. Ann, St. Joseph, Holy Name, St. Rose and Catholic Knights of Wisconsin.

RACKING COUGHS

You Can Get Rid of Them By Taking Father John's Medicine

Almost any cough is wearing and in many cases dangerous. The longer it hangs on, the more dangerous it becomes. So it is worth knowing that Father John's Medicine has had more than 68 years' success in treating coughs that hang on. Its basis is cod liver oil, scientifically prepared with other valuable ingredients in such a way that it soothes and heals the throat and breathing passages, and at the same time, because of the nourishing food elements which it contains, it builds new strength and enables the system to regain a normal healthy condition. Father John's Medicine stops a cough in the natural way, not by paralyzing the nerves, but by soothing and healing the irritated mucous surfaces. Father John's Medicine is guaranteed free from narcotic drugs or stimulants.

WOMEN! BEWARE OF TRICKERY

Warning! Not all Package Dyes are "Diamond Dyes"

Always ask for "Diamond Dyes" and if you don't see the name "Diamond Dyes" on the package—refuse it and get it back! Each 15-cent package of "Diamond Dyes" contains directions so simple any woman can dye or tint skirts, dresses, waists, sweaters, stockings, kimono, coats, draperies, coverings—everything new, even if she has never dyed before. Choose any color at drug store. Refuse substitutes.

ANONYMOUS LETTER RECEIVED BY LESLIE PRESCOTT

I'm taken my pen in hand lady to let you no that I have a bead that I think wud mach them wich you are warin about your nek. I am a pore man and need money dreadful and I thaut you wud like to by this bead from me. I no I cud sel it to many other peple but I thaut I wud let you have the first chance. If you wud like this bead you wil you wauk out with your baby yourself to the park tomoro morning. go in the west gait this wil let me no you are willing to give me ten thousands dollars for it I wud have sent this letter to your husban but I have been tole he thinks your beads ain't real. You and me no diffrent. I dono what your game is but I no you ain't got 10 beads now. you must of needed the money. unless you want your husban to no al I am telling you, no I mean bieses. don fale to wauk in the park tomoro morning. I mean bieses.

one hoo wishs you well
P S it is up to you lady.

Cable From Leslie Prescott to Alice Hamilton
In great trouble over beads. Man trying to blackmail me. Is there any one in this country who knows about them? Must know where you got them within next 48 hours.

Cable From Karl Whitney to Leslie Prescott

Alice showed me your message. No one in America knows anything about beads. If you are in trouble go to my lawyers, Struble and Struble Van Courtland St., New York. You may make a confidant of the senior partner. Have called him. He will right things carefully and quickly. You know I would willingly save you the slightest grief at any cost. KARL

Letter From Leslie Prescott to Leslie Prescott

Oh, little Marquise, little Marquise! I am in great trouble and I do not know which way to turn. Someone picked up the pearl I lost in the restaurant and has found out it is real and is trying to blackmail me. I immediately cabled Alice and Karl went back for me to go to his lawyers. Just as I was reading the cable Jack came in and in my consternation I put it somewhere and I cannot find it. I vaguely remember of trying to tear it up and then deciding that it was better to put it away until I could get further explanations. Even you cannot help me now, little Marquise. What shall I do? What shall I do?

TOMORROW: Letter From Ruth Ellington to Leslie Prescott—The friendship of women.

Where did I leave that dustpan of mine? Oh, there it is. And without another word he waved it around and said a charm and everybody woke up with a jump. The first thing Misses John saw was the pie. "Good lands! Where did they come from?" she cried. At that minute Nick came up the cellar stairs two at a time. That isn't a cupboard you put the pies and cakes into, mother," he said. It was the dumb-waiter that goes up and down to the cellar. They were so heavy they made it go down and you only saw the empty shelves. And when I fell asleep in the cellar I must have bumped it and made it come up again. So the party ended just right. And when they were all home again the Sandman put them to sleep in the proper style. Then he went in his cloud boat up to the sky where he lived.

SAFETY AS WELL
AS SPEED URGED
IN MAIL DISPATCH

Postmaster Points to This Need
as Well as Other Forms of
Caution

Safety is desired as much as speed in the dispatch and delivery of mails. It is set forth in a bulletin of the United States postal department received at the Appleton postoffice.

In the interest of safety the postmaster-general urges the use of strong envelopes, cards and folders of a standard size and shape, so that they may be readily handled. The use of dark colored envelopes is discouraged as the addresses on them are difficult to read. Glazed window envelopes should be used only when all of the postal requirements are complied with. The windows should be perfectly transparent, and should contain nothing but the address which should be plain and bold. The place for return cards is in the upper left hand corner.

Of course every piece of mail matter should bear the proper and complete address. Advertising matter with incomplete addresses is considered undeliverable and does not receive directory service. The department will not print envelopes unless the return cards bear the street address. Mailers should avoid the use of abbreviations in addresses and return cards. Names should be spelled out in full. Even letterheads should give street address, and mailing lists should be kept up to date.

Parcel post should be prepared so that it will be substantial and safe for transmission. Senders may attach communications to packages if the regular first class postage rate is paid. Large mailers should make use of the system of mailing matter under government permits which makes the use of stamps unnecessary. The precanceled stamp also has an advantage.

Money orders are protected against loss in transit, mutilation and destruction, and may be replaced with duplicates. The receipt should be kept until it is certain that payment has been made.

ON THE
SCREEN

EMBLEMS OF LOVE

"Money lost, little lost; Honor lost, more lost; Hope lost, everything lost." This old proverb is splendidly illustrated in Progress Productions' big heart-interest drama, "Emblems of Love," which is to be the feature attraction at Fischers Appleton theatre, 2 days, commencing March 7, under auspices of the Loyal Order of Moose.

"Emblems of Love," as indicated by its title, is essentially a love story, one different from anything the screen has ever shown because of its greater compass in love element. The plot is motivated by the love of elders for each other and for their children, by the love of sweethearts, and by a love more far-reaching than either of these because of the broader happiness it sows—the love of man for man.

How these love elements are combined in a story which illustrates the proverb quoted above, is something which, like the Cardiff giant and the two headed calf, must be seen to be appreciated.

"\$30,000" GIVES KERRIGAN HIS
FILL OF ADVENTURE

Ever since Robert Louis Stevenson wrote "Treasure Island" there have been people who would forego every sort of entertainment to read an adventure book or walk miles to see an adventure play. To those of that bent we heartily recommend J. Warren Kerrigan's latest Robert Brunton feature, "\$30,000," a W. W. Hodgkinson release now showing at the Bijou Theatre. It is a play of dynamic, breath-taking action primarily, a strong, swiftly moving story of New York society life, filled to the brim with the spirit of romance.

The role of the venturesome young lawyer is admirably suited to Kerrigan and he plays it with his usual charm and wit. He is visited in his office one morning by a beautiful young girl who begs him to help her recover a valuable diamond necklace which is in the possession of a master crook and gambler. Being a natural adventurer he readily lends a hand and soon finds himself huddled in excitement. He gains an entrance to the underground rendezvous of the gambling ring and barely escapes when police raid the place. Stumbling down a secret passage he comes face to face with the master crook and his henchmen, and a thrilling gun battle ensues. From then on the play is a bewildering succession of exciting incidents and unique situations, enhanced here and there by irresistible comedy.

Kerrigan is supported by a perfectly selected cast, which includes Fritz Brunette, Joseph J. Dowling, James Vincent, Carl Stockdale and Nancy Chase. The photography and direction are excellent. J. B. Daniel, the popular novelist, is the author of "\$30,000."

LITTLE OLD NEW YORK AT THE
BIJOU

In this age of flappers and jazz and the upsetting of all traditions the sight of an old-fashioned girl of a hundred years ago with her winsome, modest charm and her feminine ruffles and frills—will be a refreshing sight. Marion Davies as Patricia O'Day will bring to the screen just such a girl in her Cosmopolitan picture "Little Old New York" which opens at the Bijou theatre on Wednesday. Patricia is gay and full of fun, but she also has the shyness and reserve which characterized the girl of long ago and made her so alluring.

In this delightful screen story Miss Davies has another big role which is

a worthy follow-up for Princess Mary Tudor which brought the young actress world-wide fame in "When Knighthood Was In Flower." The role of Patricia is even more difficult than that of Princess Mary and requires even more finesse and delicacy in the handling. For during most of the picture Patricia is a girl masquerading as a boy. She has to assume a boyish swagger yet at the same time experience all the feelings of a young girl falling in love—and having to keep the fact completely hidden. Miss Davies handles the role with supreme artistry.

She thoroughly enjoyed playing the part for she comes of Irish ancestry herself and she makes the character of plucky little "Pat" shine with wit and sparkling humor. It was this Irish sense of humor which enabled Miss Davies quickly to grasp the amusing angles of the peculiar situation in which Patricia finds herself when she comes to the America of a hundred years ago. The adventures and perplexing dilemmas in which she finds herself in the strange new country form the basis for this delightful photoplay. The big climax of "Little Old New York" comes when the daring Pat is rescued from a mob of a thousand men who wanted her whipped for a prank she had played on them.

"Little Old New York" was adapted to the screen by Luther Reed. Sidney Olcott directed and Joseph Urban designed the settings. In the great cast are such popular actors of stage and screen as Harrison Ford, Courtney Foote, Mahlon Hamilton, Sam Hardy, Louis Wolheim, J. M. Kerrigan, Spencer Charters, Norval Keedwell, Gypsy O'Brien, Mary Kennedy, Charles Judels, Elizabeth Murray and many others.

SPECTACULAR SCENES FURNISH
THRILLS IN EMORY JOHN-
SON'S GREAT PHOTO-
PLAY

With the entire Pacific battle fleet in action; with the big guns belching fire and shells in the fury of tremendous bombardment, with swift seaplanes doing death in a torrent of lead from the skies with the shore batteries pouring their fire from the sandy reaches of the coast, Emory Johnson's great production, "The Mail Man" takes rank as one of the outstanding photoplays of the year. It will be shown for the first time at the Majestic Theater tonight continuing 4 days.

Emory Johnson has produced "The Mail Man" on a truly lavish and sumptuous scale, by far outclassing even his great production of "The Third Alarm" and "In the Name of the Law," and "Westbound Limited." A young showman, with his sensitive fingers ever on the pulse of the theatergoing public, Johnson has the happy faculty of knowing what the public wants and doesn't fail to give it to them.

Together with his brilliant mother, Emille Johnson he has fashioned a photoplay of which they both may well be proud.

Designs Snowmobile
Raymond Kading, son of Fred Kading, town of Center, is at work on a type of snowmobile which he hopes to perfect shortly. Friday he tested out the device as far as completed. It is equipped with cutter runners in front and with two wheels in the rear, instead of the truck of four wheels as seen on other types of snowmobiles.

You probably know that Cod Liver Oil is the greatest flesh producer in the world.

Because it contains more Vitamins than any food you can get.

You'll be glad to know that Cod Liver Oil comes in sugar-coated tablets now, so if you really want to put 10 or 20 pounds of real healthy flesh on your bones and feel well and strong ask Schlitz Bros., Downer's Drug Store or any druggist for a box of McCoy's Cod Liver Oil Tablets.

Only 60 cents for 60 tablets and if you don't gain five pounds in 30 days your druggist will hand you back the money you paid for them.

It isn't anything unusual for a person to gain 10 pounds in 30 days.

This Baby Bids
Fair To Develop
Into "Hercules"

Little Thomas F. Garland Jr., 7-months old son of Mr. and Mrs. Thomas F. Garland, formerly of Appleton was featured as a "Baby Hercules" in a Milwaukee newspaper a week ago.

Two views showed the Milwaukee baby prodigy hanging with his hands to a coathanger and balancing himself with his feet on his father's palm, two gymnastic feats which children of much greater age cannot accomplish.

Mr. Garland preceded H. M. Fellows as manager of the Appleton telephone exchange of the Wisconsin Telephone company, and Mrs. Garland formerly was Miss Una Kuehler of this city.

Thomas, Jr., was born on July 14, 1923. He weighed nine and one half pounds when born and now weighs 22. He is not a fat baby, but actually muscular. His legs are thick and well rounded, but they lack the flab

LAWRENCE HOLDS BELOIT CHAMPIONS TO 21-18 WIN

Blue And White Gives Conference Leaders Year's Hardest Fight

Lawrentians Are Outweighed But Battle Invaders to Standstill; Kotal, Briese and Zussman Star.

Wins Crown

RUTH THOMAS

McAuliffe opened the scoring with a freethrow on Briese's foul, but Zussman got under the basket immediately after and dropped the ball through the hoop. VonDraschek gave Christoph a chance for two freethrows, but Christoph missed one of them, and McGaw shot one through the circle after Zussman's foul. Asman got a double chance on Laffin's foul, but shot one of them wide. This put Lawrence in the lead 4 to 2, but Lawrence's lead was short-lived. VonDraschek caged one from the field and McAuliffe made a freethrow which put Beloit on the long end of a 5 to 4 tally. Then Kotal made one or two freethrows and Zussman followed with a fieldgoal throw wide which shot a freethrow wide of the mark and Asman caged one on McAuliffe's foul. The Lawrence lead was short-lived, however, for VonDraschek caged two from the field in rapid succession making it 9 to 5 in favor of Beloit. Zussman's fieldgoal tolled the balance back to the Blues' favor, but just before the half ended, VonDraschek again shot one through the hoop, and made it 11 to 10. Christoph missed a chance to tie the score on VonDraschek's foul.

SCORE SEESAWS
After the score had seenawed most of the second half, Beloit in the lead 18 to 14. Then the invaders began to stall whenever they got possession of the ball, but Lawrence took over and got two more baskets before the game ended.

Kotal dribbled through the Beloit defense shortly after the half started, and dropped the ball into the basket. Watson followed with one for Beloit, and Asman brought his team back to the lead with another. Laffin's fieldgoal upped the balance once more, and when he caged another and McAuliffe shot the ball through the hoop immediately after, Beloit led, 18 to 14.

Five minutes to go, the invaders stood in their own territory, holding the ball and stalling for time, until the Lawrentians came after them and forced them to put it in play. Briese intercepted the pass and took a long chance, which sent the leather through the ring without touching the iron. McAuliffe got up the hoop, and McAuliffe shot him the ball after dribbling almost the length of the floor, when McAuliffe dropped it through the net. Kotal caged a pretty shot with but two minutes to go, making the score 21 to 18 with Beloit on the long end, and Beloit's stalling tactics kept it there up to the end.

The lineup—Beloit—VonDraschek, RF; Laffin, LF; McAuliffe, C; McGaw, RG; Watson, LG. Lawrence—Briese, RF; Zussman, LG; Asman, C; Kotal, RG; Christoph, LG. Substitutions—Hubert for Briese, Briese for Christoph, Christoph for Hubert; Heldeman for Briese, Cook for Asman.

Referee—Berg, Madison; umpire—Eller, Fond du Lac; timekeeper, Hugh Appleton.

ARCADE SPECIALS BEAT GREENVILLE MILK TEAM

Arcade Specials Sunday night humbled the Greenville Milk team. The Greens beat the Arcade team in a match rolled on the Arcade alleys here. The Specials took the first two games, but lost the third when the Greenville team smashed an aggregate of 841 maples to 747 for the Arcade. The Arcade team led the Arcade for the match down to 5 pins.

Tonow of the Arcade was high man with 519. Klingert, Greenville star, topped 498 strikes with Jacobs, his team mate close on his heels with 494.

The scores:
Bordens Con. Milk Won 1 Lost 2
Klingert 134 162 262 498
Pegall 159 159 169 471
Sawall 119 143 144 466

Neenah Taxis	17	25	405
Jersild Knits	17	28	378
T. O. E. 574	11	31	362

Menasha Allys Sunday cut down the lead of Hoppies Wieners in the Fox River Valley Bowling league while Jenss Arcades, who have been in second place for several weeks, advanced closer to the top by humbling the Kimberly Blue Moons two out of three games.

Neenah Taxis in third place kept their position, but lost three straight games to the Geo. A. Whiting team, which bowled the best contest of the evening. The Taxis rolled 844 in the first game, but the Whiting piled up a score of 1035, one of the highest ever rolled in the loop, and bettered the Taxis' 963 in the second with 987. The Neenah Taxis dropped to 574 in the final clash, while the Whiting advanced to 997. When the last pin had fallen the Whiting had an aggregate of 3022, while the Taxis lagged behind with 2651.

Jersild Knits had little difficulty in humbling the Royals three straight games. The Royals rolled 902, 865, 811—2575, while the Jersilds topped 934, 920, 843—2697.

ZWICKER KNITS HUMBLE J. THOMPSON SPECIALS

Zwicker Knitting Mills, a team of Appleton girls, Saturday took two out of three games from the J. Thompson Specials in a match rolled on the League alleys here. The Specials started out by humbling the Knits in the first game, but lost their lead in the next two when the girls hit their stride and walked away from the Thompsons.

Official Is Busy Man

QUIGLEY, IN BASKETBALL, BASE BALL AND FOOTBALL ATTIRE.

B. C. Quigley of St. Mary's Kan., is the only person in the world making a profession of officiating in three major sports.

Quigley, who refereed the 1923 Harvard-Yale football game, is one of the few professionals ever called upon to officiate in college contests. In addition to serving as referee and umpire of important football games each season during the last decade, Quigley has worked the last several seasons as an umpire for the National League and during winter months has officiated in basketball games throughout the country.

Quigley, in addition to officiating in basketball games every night this season from Jan. 4 to March 17 with the exception of three when he will be on the road between games. Quigley, in addition to officiating in the three sports finds time to act as chairman of the faculty athletic advisory committee of St. Mary's College in his home town in Kansas. He also is a golf enthusiast, recently winning a tournament at a meeting of college coaches in Topeka, Kan.

Quinn-Ruddy Battle All Set For March 11

James McCoel, manager of Jack Ruddy, Chicago's latest middleweight flash, has wired in his forfeit money, and the Ruddy-Quinn battle planned for Armory G on March 11, is assured. This will be the final fight of one of the biggest cards staged in this city for years, and the local admirers of "Gunner" Joe Quinn will have a chance to see their favorite in action against a real fighter.

News of Ruddy's defeat by Earl Blue at Des Moines came as a surprise to most fans. Blue is considered by Collins and Gibbons as a second Stanley Ketchell, but it was not expected that he could stand up to Ruddy for ten rounds and take the decision. The fact is accounted for by Ruddy's crippled wrist, which he carried in a sling after the fight. He twisted it badly in the fifth round of his clash with Blue, but kept going in spite of it. After the accident, he was unable to use his hand, and held up his end with one arm. It is expected the wrist will be healed by March 11, and his fighting ability will not be affected.

Des Moines wants him back after his Appleton engagement, which speaks well for his gameness and ability. "Gunner" Joe Quinn is carrying on his training here and the climate of the Fox River valley seems to agree with him. Fans who have been watching him and Ruddy claim that "Gunner" has an excellent chance to earn at least a draw with the Chicago flush.

Ad Wolgast Put Nelson Off Top Rung

Two of the greatest lightweight battles in the history of modern boxing were the Gans-Nelson clash in 1906 and the Nelson-Wolgast affair in 1910. In each case Nelson was the loser. Gans won on a foul after 42 seconds, and Nelson was disqualified. The Durable Dane in the fourth session, Nelson's seconds tossing up the sponge in token of defeat. Wolgast's victory gave Ad the championship. He literally whipped the Battler at his own game, staging a remarkable comeback after being all but out in the twenty-third round. The defeat ended the career of Nelson as a top-notch.

MANITOWOC LUTHERANS PLAY ST. PAUL QUINTET

St. Paul's Lutheran quintet Monday night will clash with the Manitowoc Lutheran Mens club in a return game to be played on the Appleton Y. M. C. A. court.

Manitowoc humbled the Appleton team, 20 to 18, in a previous contest at Manitowoc, and the St. Paul five intends to even the score this time.

Last Dance B-4 Lent. Gib Horst, Dance, Lamer's, Little Chute, Tues. nite.

NEENAH MILL WINS CAGING CROWN OF K-C

Kimberly Quintet Drops Championship Contest, 16 to 14

Neenah Saturday night defeated Kimberly, 16 to 14, and thereby won the championship of the Kimberly-Clark Co., while the Niagara team humbled Niagara Falls, 32 to 12.

Kimberly started off with a freethrow, but Neenah followed with several baskets, and when the first half ended, the invaders were in the lead, 9 to 7.

The Kimberly Millmen caught up early in the second half, but Chapelle of Neenah came alive and caged three in succession. Boettcher shot two through the hoop for Kimberly before the half ended, and two minutes before the final whistle blew. Neenah was leading, 16 to 14. Neither team was able to score thereafter, and the invaders had the game on ice.

In the first game of the evening, Niagara, Wis. had little trouble in taking their game from Niagara Falls, 32 to 12. The Wisconsin men played rings around their opponents most of the game, although the invaders fought hard up to the end. Speed and teamwork won for the Niagara quintet.

The Kimberly club house was crowded to capacity both evenings of the tournament, and many fans were turned away from the door disappointed.

CROOK CIGARS BOW TO CHERRY BLOSSOMS

Crook Cigars Sunday bowed to the Cherry Blossoms two out of three games in a match bowled on the Eagle alleys here, and dropped the match by a margin of 82 maples. C. Currie smashed 562 pins for high score, and A. Jimos of the Cigarmakers rolled 540 for second place. The scores follow:

Crook Cigars	Won 1	Lost 2

YANKS ARE WILLING TO TRADE YOUNG MOUND ACE

Every time the New York Yankees talk trade with a club the report is circulated that the Yanks are willing to part with Pitcher Waite Hoyt. This is rather unusual since Hoyt is the youngest members of the staff and has a world of stuff. Possibly it's because of his disposition.

WINNECONNE CAGERS DEFEAT BEAR CREEK

Winneconne Friday humbled Bear Creek, 14 to 11, in a fast basketball game played at Bear Creek. The contest was well attended, and the result was in doubt up to the final second.

Children Like Raisin Cookies.

So do all of us. That's why the kiddies adore the cookie jars. Nothing could be more nourishing for the little folks than raisin cookies which combine tempting palatability with extremely high food value. Directions for making 13 different kinds of cookies are included in the raisin recipe book which our Washington Information Bureau has for free distribution.

Send for your copy of this booklet today. Enclose two cents in stamps for return postage. Write your name and address clearly.

Frederic J. Harkin, Director, The Appleton Post-Crescent, Information Bureau, Washington, D. C. I enclose herewith two cents in stamps for return postage on a free copy of the Raisin Booklet.

Clintonville Fights Kaukauna For Place In District Tourney

Elimination Game for Basketball Tournament Will be Played Tuesday Evening in Alexander Gymnasium.

District basketball magnates met Saturday in Green Bay and completed arrangements for the high school tournaments. Eight teams will participate in the playing here, with Appleton high school doped to come out on top. Judging from the records of the remaining seven teams, the Orange will have to show everything in its repertoire to win.

Clintonville and Kaukauna will fight for a chance to get into the finals when they clash in Alexander gymnasium here Tuesday night. New London and Menasha also had been scheduled to clash Tuesday but the game was called off when New London dropped out.

Besides Appleton and the winner of Tuesday's game, Brandon, West Green Bay, Menasha, New Holstein, Tigerton and Wittenberg will take part in the tournament here. Several of these teams have formidable records. Brandon has won every game played this year. Tigerton lost but one out of 14. New Holstein took 9 out of 11, and Wittenberg took 7 out of 11.

The "J." club of Lawrence college has charge of arrangements here. The visitors will be entertained at the various fraternity houses, and besides the regular basketball contests, other attractions will be offered during the course of the tourney.

"WILL you have that chair over there, Mr. Dempsey?"
"Now, if you don't mind, Cal, I'll take this one, with the sun at my back. We fighters gotta watch the little technical angles, you know."
"And didn't the charming Mr. Kearns come with you?"
"I couldn't get a stir out of him after he learned the treasury building was under guard."

"T. ELL me about this prizefighting business, is it actually brutal?"
"Calvin, old fellow, you don't know the smallest fraction of it. Some of the punishment the spectators have to stand for is terrible."
"Would you suggest the ring as a profession for an ambitious young man?"

"Well, if he didn't know Doherty or Sinclair or any of them birds I'd say yes, because the money certainly does come easy."
"But you do have to take a lot of chances, don't you?"

"Now, now. Collect in the advance. That's the smart trick."
"I suppose you are interested in politics?"
"I hope you aren't insinuating nothing, Pres."

"BUT surely you must want to go over and see Congress in session?"
"Now, I can get more fun out of the burlesque shows,

PLAN TO GIVE INSURANCE AS SOLDIER BONUS

Veterans' Need of Cash Not Same Now as Immediately After War, is Claim

By Associated Press
Washington, D. C.—Proposals to make soldier bonus payments in the form of paid-up insurance led to several arguments Monday at the opening of public hearings by the House Ways and Means committee on adjusted compensation legislation.
Representative Andrew, Republican Massachusetts, explained to the committee a measure he had introduced providing for insurance with an option of cash payments for those veterans not entitled to more than \$50.
"The veteran's need for cash is not the same now as at the close of the war," he said. "And the bonus now takes more the form of an obligation. The insurance provision appeals to me as better for the veterans, granting them protection against worry for the future."
Mr. Andrew estimated the bill would not cost more than the measure passed last session.
Representative Fish, Republican, New York, presented his bonus scheme of restricting all payments to a 20-year endowment policy. It would allow policies of \$400 for each sixth month of service above 60 days with a premium of \$1,600, and would allow \$50 to beneficiaries of each of the 60 days who died during the war without insurance.
Such a measure would cost \$2,000,000, he estimated. Mr. Fish estimated. All veterans, including those up to the rank of captain in the army and marine corps and lieutenants in the navy would be eligible.

BRITISH PREMIER ABIDES BY LEAGUE

MacDonald Will Not Take Immediate Step for Limitation of Armaments

By Associated Press
London—Premier MacDonald, answering a question in the house of commons Monday as to whether he would take immediate steps to call an international conference on disarmament declared that the league of nations had already discussed the matter, and he not think the present time suitable for independent action. He said developments should be awaited.
Asked if it was the government's policy to reach an understanding with the European governments with a view to limitation of armaments, the premier replied it was the government's program to pursue policies which might lead to general limitation of armaments. These things were not done by throwing schemes at the head of other governments, he said, but by careful preparation of conditions which made such proposals reasonable.

NAME BEHNKE TRUSTEE IN LARSEN BANKRUPTCY

C. E. Behnke was appointed trustee in the bankruptcy proceedings of August Larsen of Appleton, formerly of Nichols at the first meeting Sunday of creditors at the office of the referee in bankruptcy. His bond was fixed at \$100.
In the bankruptcy of Floyd Joslin of Appleton no trustee was appointed Saturday for the reason there are no assets and none of the creditors attended the meeting.

EITHER TOO MUCH OR TOO LITTLE SNOW ON HIGHWAYS

With concrete pavements bare for long stretches, farmers are having trouble in delivering their milk to local creameries. Wherever there is snow the drifts are several feet deep which makes it necessary to use sleighs. Two loads of milk were brought here from Mackville Sunday and when the horses reached their destination they were exhausted from pulling sleighs over bare concrete.

Prepare for Tomorrow
The lesson in the money power course at the Y. M. C. A. Sunday afternoon was presented by W. E. Smith, whose subject was, "Is it Right to Take Thought for the Tomorrow?" The outcome of the discussion that followed was that it was right to take thought for the tomorrow but not from a selfish standpoint, so that man's family may be taken care of if he should be taken from them.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, just What You Need
Don't worry about Eczema or other skin troubles. You can have a clear, healthy skin by using Zemo obtained at any drug store for 35c, or extra large bottle at \$1.00.
Zemo generally removes Pimples, Blackheads, Blisters, Eczema and Ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid. It is easily applied and costs a mere trifle for each application. It is always dependable. Zemo Soap, 25c—Zemo Ointment, 50c.

NEW ELAND TRAIN STARTS TONIGHT

Commission Will Test Popularity and Utility of Schedule, McDonald Says

Upper Ashland division cities will be served for the first time Monday evening by the new train added by the Chicago and Northwestern railroad to replace 107 and 105 discontinued several months ago. The new train leaves Eland at 5:20, arrives at Appleton Junction at 8 o'clock and returns to Eland leaving at 8:30.
This service will be tested out by the Wisconsin railroad commission as to its popularity with the public and its profit to the company before any of the objections to it are considered according to a letter received by the chamber of commerce from A. R. McDonald of Kaukauna, a member of the commission.
The chamber informed the commission that there was a popular demand for restoration of trains 101 and 102 instead of these trains, but that the hearing at New London recently gave no opportunity to present arguments along that line. Mr. McDonald supports the chamber in its statement that the hearing was confined solely to restoration of trains 107 and 105. He advises a test of the service as now established and if unsatisfactory the matter again may be laid before the commission.

DEATHS

FRANK C. BETTNER
Frank C. Bettner, 57, 1017 Franklin st., died Sunday evening. He is survived by a son, Arthur W., of Stevens Point, four grandchildren, Arthur, of Appleton, Hugo and Mrs. Lydia Hoffman, Germany and Mrs. A. W. Zerbe of Appleton, and five great-grandchildren.

CATHERINE STUMPF
Miss Catherine Stumpf, 74, died Sunday evening at her home, 234 College-ave. She is survived by her parents, Mr. and Mrs. Paul Stumpf, three sisters, Clara, Mrs. John West, and Mrs. Russell Walsh, Appleton; three brothers, Arthur and Fred of Appleton, and George of Milwaukee. Miss Stumpf was a member of the Ladies Auxiliary of the Catholic Order of Foresters. Funeral services will take place at 9 o'clock Wednesday morning at St. Joseph church with burial in St. Joseph cemetery.

JOHN GARDNER SCHULTZ
John Gardner Schultz, 13-months old son of Mr. and Mrs. William Schultz, 1075 Gilmore-st., died at 2 o'clock Sunday afternoon at his home. The funeral was held at 11 o'clock Monday morning from the house, with interment at Riverside cemetery. The Rev. F. C. Reuter has charge of the services.

HERE IS A MYSTERY STORY TO PUZZLE OVER

Beloit—The Lady or the Detective? That is what Beloit police are asking of the star detective of the city police force.
A few night ago a pretty girl believed her pearl necklace was either lost or stolen. She was unable, to find it. Police operatives worked to no avail.
At last the best detective in Beloit was called to the case. His efforts too, were without results. So he proposed that the pretty girl go home and get a night's rest.
The detective offered to take her home in his car. She accepted. On the way, the pretty girl started to cry. The detective, trying to comfort her, patted her on the knee.
In a few moments the missing necklace was produced. It was wrapped in the girl's powder puff.
The question is, "Where do girls keep their powder puffs?" and if that is answered, then, "Who found the necklace, the lady or the detective?"

WARM WEATHER OPENING ROADS FOR AUTOMOBILES

Automobiles are rejoicing over the way that concrete roads in the country are opening up. The steady thaw of last week, together with road improvement work, has made it possible to use automobiles on a number of stretches of road, although only for short distances. Dozens of automobiles traveled on the Mackville-Sunday and one of them even went as far as Mackville.

ROSEBUSH PRESIDES AT MEETING IN CHICAGO

George F. Werner returned Saturday night from the Central Region foreign work conference of the Y. M. C. A. at Chicago at which Judson G. Rosebush of Appleton presided. The purpose of the convention was to line up the work for the coming year. One and one-half million dollars will be required and of this amount the central region assumed the responsibility of raising \$500,000. Wisconsin's quota of this amount is \$20,000. Delegates were present from ten central states and those from Wisconsin included Judson G. Rosebush, George F. Werner, Appleton; S. J. Brower, Dr. J. R. Modest, Milwaukee; Prof. C. G. Dittmar, Madison.

EXHIBIT 1,000 PLANS AT HOME BUILDER'S CLASS

More than one thousand plans of new homes will be exhibited at the meeting on 7:30 Monday evening of the Y. M. C. A. Home Builders Club. The speaker will be Henry Boldt whose subject will be, "Cost Estimating, Securing Bids and Letting Contracts." The speaker at the meeting March 10 will be Prof. O. P. Fairfield, who will discuss "Good Architectural Planning."

FATHER, SEEKING CHILD IN BURNING BUILDING, INJURED

John Miller of Stockbridge risked his life to save his child from the second story of his burning home only to find the child was not there and that his escape was cut off by the flames.

Nearly suffocated by the smoke and heat he leaped to the ground from an upper window, and besides being painfully burned was seriously injured. He was removed to St. Elizabeth hospital.
The child whom he made an effort to save left the house unknown to him before the fire started.

AUTOISTS' CLUB FORMS TONIGHT

Every Motorist Invited to Meeting at 7:30 at Chamber of Commerce

Autoists are expected to be present in large numbers at the safe drivers club organization meeting at 7:30 Monday evening in the chamber of commerce assembly room. Louis Bonini, chairman of the community welfare committee of the chamber will preside.
Every motorist of the county who is interested in public safety and countryside preservation is invited to be present. All who attend will have a voice in adoption of bylaws and club rules, and in election of officers. While the popular term in discussing the organization has been "safe drivers club," the definite name still is to be decided.
Interest manifested so far has been highly gratifying to the chamber of commerce. It is the belief that seven or eight hundred can be enrolled in Outagamie-co.

PERSONALS

Mrs. J. I. Monaghan is spending a few days in Iron Mountain, Mich., where she was called to attend the funeral of a friend.
Mr. and Mrs. John Conway left Monday for Chicago and will go from there to Miami, Fla., where they plan to spend a few weeks.
Miss Alice Quintal and Miss Alice Borden of Green Bay were guests Sunday of Mrs. R. F. Shepherd.
Mr. and Mrs. Harry Behrens of Menasha visited Appleton friends Sunday.
Mr. and Mrs. William Bore and William Weinkauf of Kaukauna, spent Sunday at the home of Mr. and Mrs. Frank Weinkauf, 460 Pacific-st.
The Misses Ruth Kuborn, Margaret Geenen, Helen Lammell, Cella Bos and Jane Ann Malcolm attended the piano recital given by the pupils of Miss Ida Hohseil, 600 Milwaukee-st. Neenah, on Sunday afternoon.

LUNCH AUCTION WILL BE PART OF P-T PROGRAM

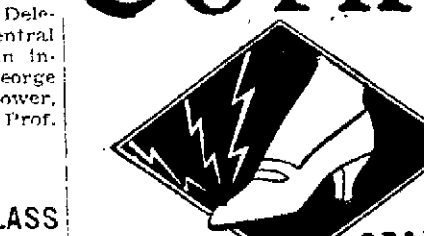

Baskets of lunch will be sold to the highest bidder at the social following the meeting of the Parent-Teachers association at the First Ward school at 7:30 Monday evening. No bid above 50 cents will be permitted however. The association uses this means to provide funds for its activities.
Reginald E. Sanders of Oshkosh, and Miss Mertie Culbertson will be the principal speakers, taking up the subject of thrift. Mrs. John Ensel will give readings and Miss Hannah Rosenthal will present interpretive dances. All families of the first ward are invited.

COLLEGE STUDENTS IN ONE ACT GERMAN PLAY

"Unter Vier Augen," a one-act German play by Ludwig Fulda, will be given by members of the German club of Lawrence college under the direction of Prof. G. C. Gast, head of the German department of the college at 7:30 Tuesday evening in the auditorium of Peabody hall.
Miss Isabel Wilcox, a student at Lawrence Conservatory of Music, will sing two solos in German by Strauss. Miss Bonnie Hermance, also a student at the Conservatory will play a violin solo by a German composer.

Hits Street Car
An accident similar to that which occurred on west College-ave last week resulted on Bridge-st. between Leinweber, and Overstreet, at 5:15 Saturday evening, when a Ford automobile driven east on that street by George Spanner, Crook-st, Kaukauna, finding it difficult to pull out of the rut, collided with a street car. The left rear fender was broken and the top was torn.

Corns

Don't risk blood poisoning by paring a corn. Apply Blue-jay, the scientific corn tender. The pain will vanish instantly. Then the corn loosens and comes out. Get Blue-jay today at your druggist.

HOT CINDERS START FIRE AT PAPERMILL

Sprinkler System Prevents Damage—Chimney Fire Causes Excitement

Cinders left outside the Atlas Paper mill started a small fire in that plant at about 5 o'clock Sunday evening. A chimney fire also burned in the building occupied by the Edward Maurer tailor shop on College-ave Monday morning.
At the Atlas Paper mill, live cinders by heating through the wall ignited a quantity of paper inside the mill. The blaze crept up the wall to the second floor and there set fire to more paper. The fire caused the sprinklers to discharge, and because of the sprinkler system and with the help of chemicals used at the mill the blaze was nearly extinguished by the time the Appleton fire department arrived.
The chimney fire burning at the flat above the Maurer tailor shop at 904 College-ave filled the rooms with smoke. Neighbors suspected that the fire was more serious than it actually was and summoned, the entire fire department. No damage was caused, however.

MURPHY IS ELECTED HEAD OF TRAVELERS

George Murphy was elected senior counselor of United Commercial Travelers at a meeting Saturday night in Odd Fellow hall. Other officers are: Junior counselor, William Moran; past counselor, George H. Packard; secretary-treasurer, G. D. Thomas; conductor, L. C. Locklin; page, Rollin Manser; sentinel, Jack Cornell; members of the executive committee for two years, Stewart Leuchars and Charles E. Maesch; delegates to the grand council, G. D. Thomas, Ernest Heidman, Joseph Melnychuk, attorneys, Louis Marshall, Max Schwab and W. H. Bonini. George Even was appointed installing officer and will install the new officers some time in April.

RIPON IS WINNER IN INTERCOLLEGIATE DEBATE

Ripon college won the triangle debate in which it participated with Lawrence and Carroll colleges. The Ripon team won a unanimous decision from Carroll and a two to one decision from Lawrence. Lawrence also won a unanimous decision from Carroll, thus giving Ripon five points and Lawrence four.
The question for debate in the majority of colleges of the country is unemployment insurance. The next debate in which Lawrence takes part is the Albin-Ilwaco, Wesleyan triangle on March 14.

For Swollen Joints

Most remedies fail but Joint-Ease succeeds.
It's for joint troubles only, whether in ankle, knee, hip, elbow, shoulder, finger or spine—whether rheumatic or not.
It limbers up stiff, inflamed, painful, creaky joints so quickly you'll be astonished.
Two seconds' rubbing and away it goes through skin and flesh right down to the bone and ligaments—that's why it succeeds. Ask Voigt Drug Co. and all druggists or any reliable druggist.

IF STOMACH IS TROUBLING YOU

Instantly! End Indigestion or Stomach Misery with "Pape's Diapepsin"
As soon as you eat a tablet or two of "Pape's Diapepsin" your indigestion is gone! Heavy pain, heartburn, flatulence, gases, palpitation, or any misery from a sour, acid stomach ends. Correct your stomach and digestion for a few cents. Each package guaranteed by druggist.

CHEESE FACTORY SHOWS BIG YEAR

Special to Post-Crescent
Sherwood—Harrison Center cheese factory, owned by Alois Thiel, received 1,885,275 pounds of milk from its patrons during the year 1923, according to the annual report. This represented total butterfat of 69,935 pounds, with an average test of 3.7 per cent fat.
Cheese sales amounted to 183,261 pounds, for which the average price per pound was 22½ cents, or a total of \$41,248.07. Cream sales brought \$2,467.74.
Average price paid to farmers for milk was \$1.93 a hundred pounds and the average price of butterfat was 54 cents. Farmers received in all \$37,446.65 and the cheesemaker was paid \$6,277.99.
This factory made daisies with the exception of a few weeks in the summer when Americas were produced. The output was sold to Pauly & Pauly Cheese Co., Sherwood.

What This Buffalo Physician Has Done For Humanity

The picture which appears here of Dr. Pierce of Buffalo, N. Y., was taken in 1910. As a young man Dr. Pierce practiced medicine in Pennsylvania and was known far and wide for his great success in alleviating disease. He early moved to Buffalo and put up in ready-to-use form, his Golden Medical Discovery, the well-known tonic for the blood. This strength-builder is made from a formula which Dr. Pierce found most effective in diseases of the blood. It contains no alcohol and is an extract of native roots with the ingredients plainly stated on the wrapper. Good red blood, vim, vigor and vitality are sure to follow if you take this Alternative Extract. Dr. Pierce's Golden Medical Discovery clears away pimples and annoying eruptions and tends to keep the complexion fresh and clear. This Discovery corrects the disordered conditions in a sick stomach, aids digestion, acts as a tonic and purifies the blood. Write Dr. Pierce's Invalids Hotel in Buffalo, N. Y., and receive confidential medical advice without charge. All druggists sell Discovery, tablets or liquid. Send 10c for trial package. adv.

"There's no place like home"

Your wife wants a "home"

She doesn't like to move every year or so.
She simply can't make you a real home so long as you keep on renting.
But you can have a real home. Anybody can who is willing to save and work for it.
The first dollar a young couple places in our institution is the first step toward home ownership. Modest but regular savings will soon put anyone in a position to get a loan for home building or buying.
And you can pay it off "the same as rent."
You have all to gain and nothing to lose—by trying.

Spring's Favorite fashions

-The Boyish Suit
-The O'Rossen Suit
-The Mandarin Suit

WORKMANSHIP of the finest quality is the first consideration in a new Spring fashion of suits. Our New York correspondent writes that many lower-priced manufacturers are now producing suits that actually fail to be stylish because of inferior tailoring. In the Boyish Suit, and the O'Rossen Suit—the entire styling lies in the workmanship. The O'Rossen suit, especially, depends on exquisitely placed tucks for its effect. In connection with the severely tailored suit — we also show the Mandarin Suit this week. This last style has a long coat that shows the Chinese influence.

—Second Floor

Suit Fabrics Suit Colors

The choice of fabrics is very strictly regulated by certain rules this season. For suits, one may have black or grey oxford cloth; new twill cords, rather severe and very smart pin stripe designs, charmeuse, and velour checks.

New suits are now shown in these materials at \$42., \$48., \$53 and upwards. All were tailored to our special order.

'Mah Jong' Jewelry

The most original necklaces of Spring are here—and are naturally called "Mah Jong" beads. Combinations of amber and carved bone, and of jade with carved ivory are \$11.75.
Strands of gun metal pearls are \$11. Matching ear rings are \$3.75 a pair. A bracelet is \$5.95 or \$6.50.

Full-length bead strings in aquamarine blue, Oriental ruby, and crystal are \$3.95. Matching ear rings are \$3.50.

New Corsets Achieve Spring's Silhouette

Modest corsets for Spring and Summer are here. The wise woman knows what an advantage a new corset can be, when buying new clothing.
The correct figure lines are slim and youthful. Miss Care has just returned from the Modart corset school where she has taken a course in figure grooming.

New Scarfs Are Spring's Latest Vogue

The smartly dressed woman owns not only one scarf but several this Spring. They are often worn with the black suit for color.
The long scarf of glove silk lace is shown in white, cherry, rose, apple green, Delft blue, orchid and black.
A square scarf, of the same lace, has a deep fringe and comes in jade, grey, orchid, ecru, tangerine and rose. \$6.25.
Fibre silk scarfs, in mottled colorings and striped effects, are \$4.95 and \$5.95.
For unusual effects—there are scarfs of glove silk, 42 inches square, with a deep fringe. In white with a black fringe, and in jade with a white fringe. \$5.50.
A large scarf for evening wear is forty-eight inches square, made of white glove silk lace. It is finished with an eight-inch fringe of ribbozine. \$13.50.
